

L 890 Mastering Class 2

Cover and Chain Stitch

Supply List

5 Spools of Serger Thread

- It's ideal to have one each of green, yellow, blue, red, and purple but you can make do with the thread colors you have if you wish.

•

2 Pieces 5" x 5" Heavy Fabric such as canvas, heavy denim, or light to mid weight upholstery fabric

1 10" x 10" Heavy Fabric such as canvas or heavy denim. Upholstery fabric won't work well for this one. You can substitute muslin or quilter's cotton with Stitch N Tear stabilizer on the back if necessary.

1 10" x 10" Jersey Fabric

- This can be T shirt fabric or any light to mid weight knit fabric but please avoid novelty knits.

1 10" x 10" Heavy Wight Knit Fabric such as sweatshirt fleece

Have all your machine accessories at hand including the cover stitch plate, cover stitch foot, and the funky little plastic tool with the hook on one end and seam gauge on the handle.
