

Begin cutting fabric & labeling: Using clips/pins as you go! This is **ESSENTIAL** to maintaining order and sanity!! There are a **lot** of pieces! The outer bag pocket is lined, the inner pocket does not have separate lining. Basically the outer bag is fused with **FOAM**, the inner bag is fused with **PFF** during construction. Most of the fusible is cut smaller to reduce bulk in the seams. Yes, I do stay up nights.... The brightly colored shapes below are your cutting instructions! Cut apart and label as you go. Clip together and save with your pattern!

I like to have several Cubes in various stages at any given time so: You may re-print this cutting page for your own personal use as often as you like. *Penny*

Fabric A Cut 2
Outer BAG
Front and Back
14" wide X
10½" tall ps058
