Divided Horizon is a beautiful quilt done with Ombre Fabric. The store has a nice selection of this type of fabric. If you have never used an Ombre fabric this quilt will give you experience with this type of fabric. The pattern by Pine Tree Country Quilts is pretty straight forward so it is a great quilt for a new quilter as well as one with experience. This will be a one day class and the success of this quilt will be careful cutting. All strips will need to be cut prior to class. I will be offering you a free 2 hour session to help you with the cutting and labeling of your strips so you are ready for sewing on the class date. This throw will be one you will feel great to put in your home or give to a special person.

Only One

Instructor: Joyce Thompson

Registration Fee: \$80

Does the "Stack and Whack" quilts with the hexagon and octagons seem a little overwhelming? The Only One quilt by Dora Cary could be your answer. This pattern simplifies the process to a basic square shape. The store model was done with Alexander Henry's Ghostlie print. It is a fun quilt. What makes this pattern successful is using a large print fabric with lots of negative space. Ideally the print design should repeat every 22 to 24 inches. This will be a two day class. The first day will be fabric lay out and understanding of block construction. Using your machine on the first day will be up to you and how quickly you get your cutting done. You will need your blocks completed by the second class and you will need a design wall which will be discussed in the first class. This should be a fun class with a better understanding of fabric layout.

APQS Certified Tech

We now have an APQS certified technician on staff. APQS machines stand up to the rigors of personal and quilting-as-a-business use, but need simple maintenance to give peak performance for several years. Just like all machines, some parts eventually get worn out and need attention. If you see a change in your machine's performance or its stitch quality, it is time for an APQS Spa treatment for your "baby" (call the Longarm Studio at (208) 376-0087 to make arrangements). Which "Spa Treatment" is right for me?

An **APQS Mini-Spa** is ideal for customers who may not quilt every day, but would feel better having everything checked out by a Certified Technician to ensure everything is working properly. During a Mini-Spa process, our technician will *evaluate* your machine, *check components*, *clean it* thoroughly and only *repair or replace* items that show significant wear that may compromise your machine's performance. The machine is tuned up and ready for your next quilting project.

The **APQS Deluxe Spa**, your best value, is ideal for machines that have been in service for a number of years and have been used heavily on a regular basis, increasing the chance of wear and tear on parts. The Deluxe Spa takes the guesswork out of long-term machine maintenance by ensuring that key wear components on your machine are not just evaluated—they are automatically replaced. Then the machine is adjusted and fine-tuned to restore it to factory settings. It's almost like starting out with a new machine!

APQS New Owner Class • FREE*

If you have purchased an APQS machine from us, good job! We offer this class to you for free (*\$275 if you purchased your machine somewhere else). This is a one-on-one session class with Sandy Lieske. Call the store to schedule.

Looking for a Longarm for your home? The Quilt Crossing is an Authorized APQS and IntelliQuilter dealer. We'd be happy to help you find your dream machine!
