

Class Name: Getting Started with your Silhouette
Instructor: Tracy Fries

NOTE: This is a basic introductory class intended for owners of the Silhouette Cameo cutting machine. We will not be working with the Silhouette Curio or the Silhouette Mint in this class. You will need to have your Silhouette Software loaded onto your computer prior to class – please verify that you have the most recent CURRENT version (NOT the Beta version) software update. This can be done online at <https://silhouetteamerica.com/software>. If you have questions about how to do this, please email Tracy at tracytqc@gmail.com.

Supplies Needed:

Silhouette Cameo with power cord and connecting cable.
Laptop with Silhouette Software loaded.
Cameo mat
Cameo blade

All other materials are included in your class fee.

Optional but helpful supplies:

Silhouette tool kit – includes scraper and picker tools for use with various media.

We appreciate it when you buy your class supplies from us - these purchases enable us to offer a robust class schedule and keep your dollars local.

Cancellation Policy: We must commit to our teachers and to other students one week before the class begins so we can't give refunds or transfers after that time (unless we can fill your spot from the waiting list). You are welcome to send someone in your place if you are unable to come. If enrollment has not met the minimum required for the class, we will cancel it one week before the first session. We love your kids but your fellow students left theirs at home and hope you will too.
