

Impatiens

Placements

Pre-Class Instructions

Taught by: Sandy Lieske

Pre-Class Instructions: Please read the instructions completely through at least one time before class. This will help to ensure you understand the cutting information noted below. It is strongly encouraged that you have the papers, templates, and fabrics for the entire project cut out, placed in bags, and ready to use in class. Since this is only a 4 hour class it will be difficult for you to get to the point of construction in the class if these steps are not completed ahead of time.

I also recommend checking the Quiltworx website for pattern corrections before you begin the project (<http://www.quiltworx.com/corrections/>).

Fabric Selection: This project can be done with fat quarters where each petal is a different fabric making it a great fat quarter buster. If you choose to use fat quarters, the center spike requires two fat quarters to complete two placements. Yardage requirements are also provided to make flowers which have only two colors of petals. Use your imagination to come up with your own color combinations. You can also look at the Quiltworx website (www.quiltworx.com) for many photos of finished placemats.

Foundation Papers: Follow the cutting instructions on *page 2* of your pattern to cut the Foundation Papers, Template Layout Sheets and background sections for the Impatiens placemats. You will cut the pieces and place them into the appropriate bag at this time.

Fabric Cutting Instructions: Follow the cutting instructions under "*Cutting Instructions*" on pages 3, 5-7. After cutting all the fabrics, clip pieces using large paper clips and place in specified bags.

If you have any questions regarding the class preparation, please contact me directly at: 208-570-3290.
