

Class Name: Machine Binding **Instructor:** Sandy Lieske

Supplies Required:

- Sewing machine with a #37, #71, and #1 or #20 foot and other accessories (cord, foot pedal, extension table, and knee lift) (The feet numbers reference Bernina feet, your machine feet will be different if other than a Bernina)
- Size 80/12 sewing needles
- Class supply kit
- Binding strips for both projects including (4) 2" strips and (4) 2.5" strips
- Thread
- Rotary cutter
- Medium sized cutting mat if you want to do your trimming at your sewing station
- Ruler for cutting fabric if you haven't already cut your strips ahead of time
- .55mm Flower Head or .5mm 1 7/8" Glass head pins (long shanks)
- Clover binder clips
- Sewline Glue Pen
- Thread scissors
- Seam ripper

Pre-Class Instructions:

Cut your binding strips for both projects as noted above. Black or white strips will work or ask to look at the fabric kit to see what other color you might prefer for your bindings.

Sew both sets of strips together end to end. I prefer sewing them at a 45 degree angle. I do this by trimming both ends of each strip at that angle using my cutting mat as a guide. Press the seams open.

Cancellation Policy: We must commit to our teachers and to other students one week before the class begins so we can't give refunds or transfers after that time (unless we can fill your spot from the waiting list). You are welcome to send someone in your place if you are unable to come. If enrollment has not met the minimum required for the class, we will cancel it one week before the first session. We love your kids but your fellow students left theirs at home and hope you will too.
