

**Amanda Murphy—Design and then Quilt 2-day class
Friday & Saturday 10:30-5:00pm**

Learn how Amanda plans her quilting designs so that they both enhance the piecing and enable a square and smooth finish. Quilting affords the opportunity to add another layer of design and you don't have to be an expert to get spectacular results!

We work with pen and paper in the first half of class, designing on top of piecing handouts that Amanda provides. During the second half of the class we practice the rulerwork or free-motion that helps us achieve great results!
