

2021 Brings You Two Classes on Quiltworx/Judy Niemeyer Patterns

Sunday, January 3 after 4pm – Thursday, January 7 at 10am

Instructor: Eileen Urbanek – Pick A Pattern Retreat Cost: \$359.30

Email: Sandra at GriffinSandra@hotmail.com for reservations. Limited number of spots available.

In 2010, Eileen was selected to become one of the first twelve Certified Quiltworx Instructors and as such taught classes with thousands of students over her ten years as a Quiltworx Certified Instructor before retiring in late 2020 from the program.

Eileen began teaching at The Compass Centre in 2011 with one of her first classes here being the Glacier Star TQM. Eileen is a very popular instructor and in high demand due to her personality and teaching skills. We are lucky in that Eileen has agreed to hold classes with us at various times in

The future. Eileen will be helping quilters with other patterns such as Jacqueline DeJonge designs, Stack n Whack, etc.

Thursday, July 1 after 1pm – Sunday, July 4th 1pm

Certified Instructor: Terre Walker – 2021 TQM Coral Reef (or Pick a Pattern) Cost: \$359.30

Terre has been making Judy Niemeyer quilts since 2008. Now as a Certified Instructor, she looks forward to sharing this passion and the joy of creation with others.

The new Quiltworx TQM, Coral Reef should be released in early January. As a certified instructor, Terre went to Kalispell, MT to learn the techniques of this new pattern. She is now working on her second Coral Reef so that she may help her students with this great new pattern!

Terre has been to the Compass Centre with several different groups and I have watched her interact with different quilters seeking her advice. Terre has such a kindness about her and coupled with her patience and knowledge of Quiltworx' various patterns she is a great teacher. For more information email: GriffinSandra@hotmail.com

Compass Centre's Version of the 2021 TQM – Coral Reef
