

Beach Chair Cover

by Carolina Sew n Vac

Materials:

2 Bath Towels

1 Hand Towel

Optional fabric trim: Fat Quarter cotton fabric

Directions:

Join bath towels at short ends by interlocking the already existing finished edges. You may serge these edges instead to reduce bulk and then join them together.

Fold bath towel that will be at the head at 26" from the previously made join. Mark the folded edge. Before stitching the sides, embroider monogram. Use your printed monogram template to position the monogram.

Once monogram is completed, stitch sides.

Cut hand towel in half. Overcast raw edge of towel.

To make pockets, fold up hand towel at 8". Stitch sides. To make pockets, stitch where desired, making sure to back stitch at fabric edge.

Attach pocket assembly to side of bottom bath towel, 2" from join

Optional fabric trim:

Cut 4" strip of fabric, iron in half lengthwise, then fold long edges in about $\frac{1}{2}$ " towards the center. Fold again on the already ironed fold.

Cut to be 1" longer than the raw edge of the hand towel. Open up short edges and turn in $\frac{1}{2}$ " on each edge. Cover raw edge with prepared fabric. Stitch around all edges.

Enjoy!
