

# Car Seat Media Pillow

By Carolina Sew N Vac

## Materials:

$\frac{1}{4}$  yard of Minkie or Fleece  
1 pkg sew on Velcro  
Polyfill stuffing

## Cut:

Minkie or Fleece  
2 - 26" x 6" - front and back  
4 - 5" x 13" - securing straps  
1 - 6" x 15" - tech pocket

## Velcro

Cut 4 - 4  $\frac{1}{2}$ " strips

## Directions:

All seams are  $\frac{1}{2}$ " unless otherwise indicated. Back stitch at all start and ending points.

Tech pocket - Take Minkie fabric 6" x 15" fold in half with right sides together (RST) so it measures 6" x 7  $\frac{1}{2}$ ". Stitch along the bottom edge so that it forms a tube, back stitch at the start and ending. Turn. Press. Top stitch along the top edge.

Securing straps - Fold the 4 - 5" x 13" pieces of Minkie fabric in half with (RST) so it measures 5" x 6  $\frac{1}{2}$ ". Stitch side seams leaving bottom open. Turn right side out. Press.

Velcro - Take the 4 Velcro strips and position along the seamed edges of the securing straps, stitch in place

Front - Take 1 - 26" x 6" Minkie fabric, position the bottom of the tech pocket approximately 5" from the bottom. Pin in place matching the side raw edges. Stitch the bottom edge.

Measure down 4" from top and up from bottom. Mark all 4 areas. Position securing straps at the 4" marks with fold towards center of fabric, matching raw edges. Pin or baste in place.

Place back piece of Minkie fabric on the front with RST stitch around 2 sides and bottom, back stitch at the start and ending. Leave the top open to turn and stuff the pillow. Turn right side out. Stuff. Fold in Top edge and whipstitch or top stitch on the machine.

Enjoy your Seat Belt Tech Pillow!
