

Microwave Bowl with Circular Sewing Attachment

Using the Circular Sewing Attachment makes this project a breeze. This bowl is not just for the microwave, it is great to hold a cold bowl of ice cream!

Cut 2 13" squares of cotton fabric.

Cut 1 13" square of Wrap-N-Zap

NB-Use cotton thread

With Right Side Together layer on top of Wrap-N-Zap square. Mark center of square.

Attach the Circular Sewing Attachment according to product instructions. Set the attachment to the largest circle - the 130 slot.

Attach fabric bundle to attachment using pin placed through the previously made center mark. Stitch around the circle, leaving a 3" opening. Clip curves. Turn inside out. Press. Top stitch along edge, this will close the opening.

Fold the circle in half and then in half again. Mark at each of the quarter folds. At each quarter measure 1" from mark. Fold at quarter mark, measure down 3", mark. Draw a line from 1" mark to 3" mark. Stitch along this line to make a dart. Repeat for other 3 quarters.
