Mayor Jackson noted what the process would be to hold a public hearing and to adopt the tentative budget as the final budget. We would hold the Public Hearing on June 8th during the regular City Council meeting and if there are no changes, we would adopt it as the final budget. The increase to the medical coverage was discussed and what the employees may choose for the medical options. The increase was added to the tentative budget to keep what coverage they currently have. Jackson noted what the cost to the city would be and what the cost increase for the employee would be.

The City Council looked at the tentative budget and went line item by line item discussing if it should be increased or decreased. The changes that were made would be made in the tentative budget that would be adopted at the next City Council meeting.
