July Newsletter

Summertime, and the livin' is easy.... As I write this, summer officially arrived a couple of days ago and recent temperatures attest to that fact. I hope your summer is an easy and enjoyable one. Summertime is the season for yards and gardens. Millsite Reservoir didn't quite spill but was just inches from being full. With this in mind, please remember to adhere to recommended yard watering times (6:00 – 10:00 AM and 6:00 – 10:00 PM) and use this precious resource responsibly.

Summertime affords our young people free time to enjoy their pastimes, for many or them this includes motorized recreation. I have to say, some of these youngsters are quite skilled drivers/riders and have a fair understanding of safe driving practices. However, a lot of them are very unskilled and unaware of basic traffic law. Parents, please monitor your children, teach them how to drive and ride their vehicles. You are responsible for their safety and the safety of other motorists.

You've likely seen sidewalk repair and construction underway in town. At this time, we've completed the planned projects, though it's possible there may be more activity later in the season. Castle Valley Special Service District has also contracted to do about four blocks of curb and gutter. They also will be placing asphalt and chipping the southern (south of 100 North) half of town beginning early in July.

Kasey and his maintenance crew have put a lot of effort into improving the ball parks, Mayor's park and cemetery and they are really looking good. They are also working hard to stay on top of the weeds. As property owners, we can help by tending to our frontage areas and even a neighbor's if they are unable.

I'm proud to live where I do. Here's hoping we all enjoy the summer months. By the way, Millsite GC is a great place to be these days.

Julys Calendar of Events
