Council Member Troy Winter Letter

My name is Troy Winter and I grew up in Vernal. I have been proud to call Ferron my home for the last 17 years and plan to do so for the rest of my life. Before moving here, my family loved to visit my extended family that lived here in Ferron. We loved the kindhearted people that lived here and always treated us so well when we visited. We moved to Ferron because we believed it would be a great place to raise our kids and teach them service and hard work. We love Ferron and couldn't imagine living anywhere else.

For years I have considered running for City Council, but my busy schedule prevented me from doing so. Almost 2 years ago, I had many people ask me to get involved. I guess it finally felt right, and it was very humbling to find how many people believed in me and my ability to serve and get things done. I sincerely believe that if you want to see good things happen and improve in your community, you have to be willing to be part of the change and get involved! Although my schedule isn't any less busy, I have enjoyed making time for our little town and the people in it.

I sincerely believe that Ferron is a special place to live, and I am certainly blessed to be able to serve the people who live here. As always, my door is open. Please bring me your ideas and suggestions and your willingness to be involved, let's see what we can do to continue to improve this great place we call home!

Business of the Month

Bizzy Izzy Quilts

Bizzy Izzy Quilts began in 2021 when owner, Maria Horton, decided to step away from a 10-year teaching career to pursue her dream of being a mom. As an educator, Maria taught middle school students the art of sewing and the endless possibilities those skills could offer.

Wanting to keep her passion of sewing and quilting alive while raising her children, Maria decided to start making blankets and do longarm quilting for friends and family.

Realizing that the same skills and possibilities she taught her students were available to her, Maria created her own business, Bizzy Izzy Quilts. The name came from her students who had a hard time saying her maiden name (Israelsen) and instead resorted to "Izzy".

Of course, the inspiration to create a business of blankets and quilts comes from the joy and fulfillment Maria experiences with her little ones as they cuddle up in blankets together as a family and enjoy laughing and making memories together.
