Sewing Machine Tools

You will quilt the front of the pillow using the sewing machine before stitching the embroidery design. Please bring the following to class:

Open Embroidery Foot #20/20C **or** Clear Embroidery Foot #39/39C **or** Reverse Pattern Foot #1/1C*
Quilting/Seam Guide (attaches to the back of the presser foot)*

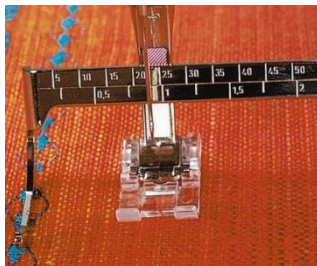

Recommended Tool

Thread Lubrication Unit – Helps reduce thread friction when stitching at high speeds with metallic thread, reducing thread breakage*

Optional Tool

Quilting/Seam Guide with Ruler*

Pre-Class Prep

Fuse the OESD Fusible Woven to the wrong side of the pillow front. It should fit inside the hemmed edges.

Cut 5 pieces of Stable Stick for the fabric pieces, 4" x 7" each. Peel the paper from the Stable Stick and adhere the stabilizer to the wrong side of each piece of fabric for the trees.

If you print the pattern pieces, make sure your printer is set to "actual size". It should not be set to "fit to page". If you are unsure about printing them correctly, I will have printed pattern pieces in class for your use.
