

Visit participating quilt shops this summer to collect patterns for a True Blue quilt. Destination Shops will create designs for four 9" blocks that create collectible 9" x 36" rows or 18" squares.

Patterns are offered at no cost, one per person, to shop visitors during the event dates of June 21 through August 8. Shops are offering the patterns as a thank you for visiting the store.

Kits can be purchased in shops, as well as by phone and website and can even be shipped to you during the event! (Individual patterns are only available in-store.)

*While supplies last...* purchase a True Blue Quilters Trek kit and find a Quilters Trek token inside the package. Each area has seven unique tokens to collect and trade! Just for fun... a few of the kits have Golden Tokens tucked inside!

Starting July 15 and ending October 15, be one of the first 2 (TWO!) people to bring a completed quilt using at least 32 nine-inch blocks from at least 8 participating QTrek stores and receive a stack of 15 fat quarters. Receive a bonus prize if your quilt includes the shop's design.
