

Walking Foot Wonders

Learn the basics of Straight-Line Machine Quilting.

Instructor: Julie Leydon

Learn the basics of Straight-Line machine quilting. This is a fun, quick, easy skill builder class, learning all the techniques. You will be working with your sewing machine's "walking foot" to practice grid work, parallel lines, echo lines, radiating lines, cross hatch, channel, shattered lines, wavy and enlarged serpentine stitches, square and continuous spirals. This class makes it quick and easy to get started machine quilting while learning multiple design elements.

You will need 10-14 quilt sandwiches to practice on. These can be used in the future as a reference guide to free motion quilting.

Supply list:

Students need basic sewing kit, scissors, seam ripper

Sewing machine with bobbins, size 90/14 sewing machine needles

Walking foot attachment for your machine

10-14 quilt sandwiches approximately 10 x 10 inches (top fabric, batting and backing) solid colors or muslin

Masking tape tan color

Contrasting thread with filled bobbins

Disappearing marking pen and white or blue chalk

505 Quilt Basting spray

Machine quilting gloves

Book Required: Machine Quilting with Style by Christa Watson

It is strongly suggested that you purchase your class supplies at Cotton Patch Shop to ensure you have the proper items.
