## **Food and Non-alcoholic Drink Policy**

No dairy products of any kind are allowed on the coaches, this includes milk, milkshakes, ice cream, cappuccino drinks with whipped cream or milk, etc. Other food and drinks are allowed as long as the coaches are kept clean. At no time can liquids be put in overhead compartments. They may leak and get into VCR or electronics and cause problems. If cleanliness becomes a problem, the chartering party may be billed for a cleaning fee and, or, this privilege may be revoked. No glass bottles on the coach at any time

## **Liquor Policy**

There is a 150.00 extra charge for liquor on the coach. No glass bottles or kegs are allowed on the coaches at anytime. No styrofoam coolers or coolers over 36 inches long. Cheeseman Coaches drivers have the right to check coolers for glass bottles. If glass is found in the cooler, the whole cooler goes beneath the coach. No questions asked.

If someone brings alcohol on the coach and chartering party has not paid the extra liquor charge, it is their (chartering party) responsibility to get it off the coach or they pay the charge.

Cheeseman Coaches Inc. reserves the right to refuse transport of persons under influence of Drugs or Alcohol. It is the responsibility of the chartering party to control minor drinking.

## **IMPORTANT !!!!**

Any and all damage done to the coaches by the chartering party will be billed to the chartering party. Chartering groups must provide adequate supervision and discipline.

If something happens to spill, please inform the driver immediately so it can be cleaned up. Please put all you cans and paper in waste cans which are provided to keep the coach looking nice at all times.
