

2020 Schedule

PADI Enriched Air Nitrox

This specialty counts towards Master Scuba Diver!

The PADI Enriched Air Diver course is PADI's most popular specialty scuba diving course, and it's easy to see why. Scuba diving with enriched air nitrox gives you more no decompression dive time. This means more time underwater, especially on repetitive scuba dives.

The Fun Part

You can typically stay down longer and get back in the water sooner. No wonder many divers choose this as their very first specialty.

What You Learn

- Techniques for getting more dive time by using enriched air nitrox
- Enriched air scuba diving equipment considerations
- Enriched air considerations, including managing oxygen exposure, how to tell what's in your scuba tank and how to set your dive computer.

January 22 nd	6 to 8pm
February 19 th	6 to 8pm
March 11 th	6 to 8pm
April 9 th	6 to 8pm
