

## **Nancy Bronstein**

Nancy Bronstein is an Event Specialist for SVP Worldwide which is the parent company for Singer, Viking and Pfaff sewing machines. Nancy travels the country for SVP teaching sewing, machine embroidery and how to use the Premier +2 embroidery design software. Before working in the sewing industry, Nancy was previously a chiropractor in private practice with her husband and also at one time ran a college IT department.

Nancy has been sewing since grade school when her mother taught her to first make doll clothes, then her own clothing. She loves to teach the latest techniques in garment construction, bag making, home dec, quilting and machine embroidery. Her classes are designed to challenge but not overwhelm her students. She loves to help people bring their creative vision into reality. Her goal is for everyone to have a good time and that all students walk out with a new skill set.

### Special Training & Accreditations:

- Martha Pullen Certified Sewing Instructor
- BurdaStyle Certified Sewing Instructor
- BS in Computer Science & Premier +2 Certified
