Ziploc Bags (medium and large)	Scotch tape ("Magic")

* if your $\frac{1}{4}$ " foot has a guide on it, please replace that foot with a standard (no guide) $\frac{1}{4}$ " foot

NOTE: the Peppermint Twist pattern calls for three "rulers" [Leaf Ruler and Mini Arcs Ruler] or "tools" [Curved Diamond Cutting and Trimming Tool] which were included in previous Technique of the Month patterns. If you do NOT have those items, DO NOT PURCHASE - they will be available during class for your use.

Pre-Class Preparation: Read the Instructions from *General Information* thru *Chain Piecing Example* (pages 1 - 6) AND *Group A Instructions* on page 6. Pre-cut your papers (Units and T-templates add $\frac{1}{8}$ " around outer line and all templates / layout sheets - cut on the outer most line [NO INTERIOR CUT LINES should be cut until the requisite number of pieces of fabric are underneath the template / layout sheet]). If you want to pre-cut your fabrics, cut for *Group A - Woodland Leaf* - pages 7-8.

Additional Information: Peppermint Twist is a 68" square quilt by design. If you want to enlarge the original design, you can. Extension options to 80", 99", 102", and 118" square are available. **Only the original 68" square design will be taught during class.** If you decide to extend, we can talk through your options but specific instruction for any extension will not be given during class.

Life happens. Do what you can and save the rest for class. Get a good night's rest.....pack a lunch.....see you on June 30th.
