TOWN NEWSLETTER

MESSAGE FROM TOWN MANAGER:

Brian Head Town employs 17 full-time employees and several part-time and seasonal employees. These folks keep the water lines running, the sewers flowing, the parks and streets clean, respond to public safety calls, fires, etc. When they're at their best, the services they provide can become easy to take for granted. But they keep at it, doing the best they can for our little community.

Every once in a while the opportunity arises to give them some well-deserved recognition. Sometimes that opportunity comes when they are leaving us, unfortunately –

Brad Benson is retiring after serving Brian Head as a public safety officer for the past 20 years! During his time he has had a big influence in transitioning our department to a true Public Safety Department. His emphasis on the fire protection aspect of our program has been amazing. Without Brad, it's difficult to say that our response to the 2017 Brian Head Fire would have been as swift, smooth, or effective. He works quietly behind the scenes, but the impact he's left on the Brian Head community is unmistakable. Brad, we love you and wish you the best as you move on to the next phase of your life!

Wendy Dowland is moving on to her next exciting opportunity after serving Brian Head for the past 11 years, most recently as the Town Planner. Pretty much everybody who has bought or built in our community in the past decade has been greeted by Wendy's smiling face as she's helped them through setting up utilities or obtaining a building permit. I can't count the number of times somebody has stopped me to tell me how much they enjoyed interacting with her. Truly she has been a wonderful ambassador for the Town, and a great friend to all of us at Town Hall. She will be missed, and we wish her luck in her next phase of life!
