

Guidelines for Campfires at during Fire Restrictions

Guidelines:

- Campfire must be contained within a pit 18 inches deep into mineral soil absent of roots of any other organic materials or solid ring made of non-combustible material that is at least 18 inches in height that will contain the fuel wood and coals while shielding the ashes from being blown by the wind.
- Maintain 18 inch depth of the pit by removing build up ash and other materials; assure disposed materials are completely extinguished
- Campfire must be at least 15 feet away from any combustible vegetation or structures, vertically and horizontally. Fire resistant vegetation as part of the landscaping is excluded.
- One person 18 years of age or older must attend the fire at all times.
- Running water (garden hose) must be immediately available on-site for fire suppression.
- At least one standard sized shovel must be dedicated and immediately available on-site for fire suppression.
- Campfire must be completely extinguished, cold to the touch, when not attended.
- Persons responsible for escaped or unattended campfires are subject to prosecution and suppression costs
