

MESSAGE FROM THE TOWN:

As everyone is aware, 2020 brought a significant uptick in visitors to Brian Head. We are a welcoming community, and we love all the new faces. Of course there are challenges that come along with having a lot of folks co-existing in a small space. As a Town, we're doing our best to rise up to these challenges. In a recent survey of Brian Head residents, we heard that we need to do better with nightly rental issues, law enforcement, and OHV enforcement.

In March and April, the Town Council will be reviewing the Town's strategic plan and budget. This is the process by which we align our resources better to address the kinds of challenges we're currently facing. As a tight-knit community, we welcome everyone's voice in the process. Please attend our Town Council meetings either in person or online and be part of the future of Brian Head.
