TOWN NEWSLETTER

MESSAGE FROM THE TOWN:

Brian Head Public Works Department found an abandoned bear cub hiding in one of the trash trucks, one brisk early mornings at the begging of September trying to keep warm. Thanks to our crew for finding the cub early enough so that no injuries were reported for any of our crew members or the cub. The DWR was called in to capture and relocated the cub to a rehabilitation center up north with other cubs. Thank you to everyone involved for helping have a safe and wonderful rescue. If you would like information on where the cub is located please call Town Hall or visit the Utah State University Website and look for the Natural Resources area and find Rehabilitation Cameras. You will be able to see and watch the cub and others play on camera. (And they are so cute!)

ANNOUNCEMENTS:

- ❖ Reminder that parking on the streets is not allowed starting November 1st
- ❖ We ask that we each do our part to help keep our community safe -- MASK UP and SOCIAL DISTANCE!
- ❖ For questions please call Brian Head Town @ 435-677-2029

EVENTS

- No Events in October

PROJECTS

Water:

- Million Gallon Pump Station: New pumps and motors have been installed and wiring is almost complete.
- Town Hall Well: Scheduled for maintenance Oct. 1st. Work should take approximately 1 week to complete.

Streets:

- The 2020 projects have been completed. Planning for 2021 asphalt and gravel maintenance projects is underway.

Pond/Trail Work:

- Town Trail Phase II: Trail has been paved and finish work has begun. This project is on schedule and should be completed on time.

Sewer:

- Manhole locating down the canyon will begin the week of October 8th.
