- A. Policy: In order to protect buyers of condominiums, master planned development (MPD) projects, single family residential, and other property in the town against purchasing property on which the on and off site improvement work is incomplete and may not be completed, and to protect the public at large from dangerous and undesirable conditions that result from unfinished on and off site improvements, such as, but not limited to, erosion, flooding and blowing dust, it is the policy of the town that no building permit may be issued on any building project within the town limits unless and until the final plat has been recorded. In such cases where the site cleanup (including fire risk mitigation) is not corrected in a timely manner, the town may use the deposit and hire the work to be done. (Ord. 08-016, 8-12-2008)
