These include such activities as subdividing land into lots for sale, building structures, constructing roads, installing utilities, etc.
- B. In order to effectively regulate these activities, communities are empowered to establish review and permitting processes. This title contains the review and permitting processes related to land development activities in the town. In addition, prior sections of the town code that relate to land use and design standards are also included in this title.
- C. Chapters 6 and 7 of this title constitute the zoning ordinance as contemplated in Utah Code Annotated section [10-9a-501](#) et seq.; chapter 9 of this title constitutes the subdivision ordinance as contemplated under Utah Code Annotated section 10-9a-601 et seq., and other titles as applicable. (Ord. 08-016, 8-12-2008)

#### **9-1-2: SHORT TITLE;**

This title shall be known as the *BRIAN HEAD TOWN LAND MANAGEMENT CODE*, also known as Title 9 of the Brian Head Town Code, and is herein referred to as "this title". It may be cited and pleaded under either designation. (Ord. 08-016, 8-12-2008)

### **9-1-3: STATEMENT OF PURPOSE:**

- B. To guide future growth, provide for the harmonious and coordinated development of the town (in conjunction with the town general plan), and to protect and conserve the value of land throughout the town and the value of buildings and improvements upon the land;
- C. To minimize the conflicts among the uses of land and buildings, and to prevent overcrowding of the land and undue congestion of population;
- D. To provide for efficient layout and use of building lots, roads and public services and utilities, recreational opportunities and open space;
- E. To provide for adequate light, air, view corridors and privacy; to secure safety from fire, flood, landslides and other geologic hazards, and other dangers;
- F. To prevent the pollution or degradation of air, streams, and ponds; to ensure the adequacy of drainage facilities; to safeguard the water table; to minimize site disturbance, removal of native vegetation and soil erosions; and to encourage and promote the conservation, wise use and management of natural resources throughout the town in order to preserve the integrity, stability and beauty of the community and value of the land;
- G. To avoid scattered and premature subdivisions which would cause insufficient public services and facilities, or necessitate an excessive expenditure of public funds for the supply of such services and facilities;
- H. To inform the public of the requirements and conditions necessary to obtain approvals and permits to:
  - 1. Change or create property boundaries (subdivide land);
  - 2. Construct or modify buildings, signs, structures or utilities;

### **9-1-4: INTERPRETATION:**

- A. **Greater Restrictions Prevail:** In their interpretation and application, the provisions of this title shall be considered as minimum requirements. Where the provisions of this title impose greater restrictions than any statute, other regulation, ordinance or covenant, the provisions of this title shall prevail. Where the provisions of any statute, other regulation, ordinance or covenant impose greater restrictions than the provisions of this title, the provisions of such statute, other regulation, ordinance or covenant shall prevail.
- B. **Definitions:** Whenever any word or phrase used in this title is not defined herein, but is defined in related sections of Utah Code Annotated or this code, such definition is incorporated herein and shall apply as though set forth herein in full, unless the context clearly indicates a contrary intention. Unless a contrary intention clearly appears, words used in the present tense include the future, the singular includes the plural, the term "shall" is always mandatory and the term "may" is permissive. (Ord. 15-004, 4-28-2015)
- C. **Additional Conditions May Be Imposed:** Any development or construction activities shall require applications, fees, approvals, permits and compliance pursuant to this title. To this end, all requirements, where possible, are expressly delineated in this title or other applicable ordinances. However, since it is impossible to cover every possibility and there are some aspects which do not lend themselves to being easily articulated, this title allows the Planning Commission and the Town Council to impose reasonable conditions upon a developer in addition to those expressly set forth herein, so long as such conditions do not conflict with any requirements set forth in this title or other applicable law. **9-1-5: COORDINATION WITH OTHER LAND USE DOCUMENTS:**

This title, together with the Town General Plan, shall guide the use of all land within the corporate boundaries of the town. These 4 documents should be used in concert

(Ord. 08-016, 8-12-2008 amd. Ord. 15-004, 4-28-2015 amd Ord. 15-003, 02-10-2015)

## **9-1-6: APPROVALS CONSISTENT WITH THIS TITLE:**

All departments, officials and public employees of the town who are vested with the duty or authority to issue permits or licenses shall do so in conformance with the provisions of this title and shall issue no permit or license for uses, buildings or purposes where the same would be in conflict with the provisions of this title. Any such permit or license, if issued in conflict with the provisions of this title, is void. (Ord. 08-016, 8-12-2008)

## **9-1-7: AMENDMENTS:**

The Town Council may, from time to time, in a manner consistent with the Town General Plan, amend any provision of the land management code. (Ord. 08-016, 8-12-2008)

Public Notice: Public notice of all public hearings and public meetings required to be noticed shall be given in accordance with Utah Code Annotated section [10-9a-201](#) et seq., as amended, as applicable. If notice of a public hearing is required to be given under state law, at least fourteen (14) calendar days prior to such public hearing, the notice shall be posted on the property affected by the application stating that an application concerning the development of that property has been filed, stating the date, time and place of the public hearing, and indicating that more detailed information concerning the application is available from town offices. (Ord. 15-004, 4-28-2015)

Notice shall be mailed at least fourteen (14) calendar days prior to the public hearing to the address appearing on the last completed real property assessment rolls in the office of the County Recorder. The notice shall include a map showing the land included in the application and letter stating that the application has been filed, the nature of the application, the time, place and date of the public hearing on the application, and that more complete information is available at the town offices. The mailing list shall be obtained from the Iron County Recorder's office. The referral packet shall also include a "vicinity map", as defined in subsection [9-4-3C](#) of this title. - D. Defects in Notice: The notices to affected property owners are given as a convenience to them. Minor defects in mailing, or incomplete mailing shall not be grounds for invalidating any permit or application, or for the delay of any public hearing, unless the Planning Commission or Town Council shall find the defects in notice are such that the ability of interested persons to make a meaningful presentation of their concerns at the public hearing has been significantly impaired. The Planning Commission or Town Council shall hear any objections raised relating to notice and rule on whether notice was adequate before proceeding to hear the merits of the application.
