NOTICE OF PUBLIC HEARING

West Bountiful City Council will hold a public hearing on Tuesday, June 16, 2020 at 7:30 pm, or as soon as agenda permits. The hearing will be held in-person at city hall and electronically via Zoom. Details will be available on the calendar home page at www.WBCity.org on June 12.

The purpose of the hearing is to receive public comment regarding the proposed vacation of the south and east Public Utility Easements of the property at 787 W 1400 N, West Bountiful so the property owner can build a garage.

All interested parties are invited to participate in the hearing. Written comments or questions may be submitted to Recorder@wbcity.org prior to the meeting.

MEMORANDUM

TO: Mayor and City Council

DATE: June 12, 2020

FROM: Cathy Brightwell

RE: Request to Vacate South and East Utility Easements at 787 W 1400 North

The Nelson's wish to construct a garage in the southeast corner of their property at 787 W 1400 North but there is a conflict with easements along both property lines.

The process outlined in state code to vacate easements requires the city council to hold a properly noticed public hearing which includes providing notice ten days prior to the hearing to neighboring properties and affected entities, posting on city and state websites, and posting a notice on the property.

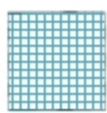

Public notice has been completed, a hearing scheduled for June 16, 2020, and the property owner has provided copies of written confirmation from all major utility companies that they have no buried utilities in either of these easements and do not object to their release.

Staff does not foresee any negative impacts to the city by vacating these easements and recommends that Resolution 471-20 be approved which would vacate the rear and side yard easements at 787 W 1400 North.

Site Plan: Easement

Current East side easement, 7 ft wide

Current South side easement, 10 ft wide

WEST BOUNTIFUL CITY

RESOLUTION #471-20

A RESOLUTION AUTHORIZING THE CITY MAYOR TO EXECUTE THE VACATION OF THE SOUTH AND EAST PUBLIC UTILITY EASEMENTS LOCATED AT 787 W 1400 NORTH

WHEREAS, West Bountiful City has been petitioned by the above-mentioned property owner to vacate the south and east public utility easements on their property; and

WHEREAS, a public notice was published in the June 5, 2020 Davis Clipper Newspaper, letters sent to neighboring property owners and affected entities, posted on state and city websites and on the property; and

WHEREAS, a public hearing was held on June 16, 2020 to receive public comment concerning the vacation of the easement.

NOW THEREFORE, BE IT RESOLVED by the City Council of West Bountiful City as follows:

The West Bountiful City Council, having heard all arguments for and against the release of the utility easement, approves the release and hereby authorizes the City Mayor to execute the RELEASE OF EASEMENT for the property located at 787 W 1400 North.

EFFECTIVE DATE. This resolution shall take effect immediately upon receipt of releases from the public utility agencies.

Passed and approved by the City Council of West Bountiful City this 16th day of June 2020.

MEMORANDUM

TO: Mayor and City Council

DATE: 6-16-20

FROM: Duane Huffman

RE: **Petition to Disconnect – Parcel ID No. 06-030-0047**

This memo reviews the attached petition to disconnect a parcel of land from the city boundaries which was received by the city on April 8, 2020.

Background – Disconnections

A disconnection is the legal term for de-annexing property from the legal boundary of a city. It is a legislative decision governed by *Utah Code Ann.* § 10-2-501 et seq.

The state code establishes the process for a petition, public notice, a public hearing, and consideration by the governing body. The City Council will have until no later than July 3rd to decide on the request.

If the request is granted, an ordinance must be drafted and adopted. If the request is denied, the applicant may file a petition with the court challenging the decision.

If the petition goes to court, the petitioner must prove, by a preponderance of the evidence:

- (1) *the viability of the disconnection;*
- (2) *that justice and equity require that the territory be disconnected from the municipality;*
- (3) *that the proposed disconnection will not:*
 - a. *leave the municipality with an area within its boundaries for which the cost, requirements, or other burdens of providing municipal services would materially increase over previous years;*
 - b. *make it economically or practically unfeasible for the municipality to continue to function as a municipality; or*
 - c. *leave or create one or more islands or peninsulas of unincorporated territory; and*
- (4) *that the county in which the area proposed for disconnection is located is capable, in a cost-effective manner and without materially increasing the county's costs of providing municipal services, of providing to the area the services that the municipality will no longer provide to the area due to the disconnection.*

In determining whether the burden of proof has been met with respect to material increases in municipal cost ((3)(a) and (b), above), the statute requires the court to consider all relevant factors, including the community as a whole, adjoining property owners, existing or projected streets, water and sewer mains and services, law enforcement, zoning, and other municipal services.

Background – Parcel ID No. 06-030-0047

The property in question was originally annexed into West Bountiful in 1999. At the time, it was part of a larger parcel owned by Security Investment LTD. The original petition for annexation includes the signature of Mary Hepworth as a representing partner of Security Investment LTD. Staff is not aware of any challenges to the annexation at the time or since.

While staff is not aware of any of the details involved, in 2008, it appears that a judge granted the Smith Family quiet title to the property in question, separating it from the larger Security Investment LTD property.

Petition

Attached with this memo is the formal petition for disconnection. It includes the owner's justification for disconnection, which was further explained at the May 19th public hearing. The petition and the presentation did not include any information on how the owners intend to use the property if it is disconnected from West Bountiful City, other than saying they wanted all under the same jurisdiction, and that they are willing to discuss future projects with West Bountiful. The owners made clear that they want to keep all options open regarding the land.

Public Hearing

A public hearing on the petition was held on May 19th. The only comments made were by a representative of the petitioner.

Staff Recommendation

Staff recommends that the city council deny the petition for disconnection based on the following points:

1. **Davis County.** As the city had not heard anything from Davis County regarding their stance on this petition, city staff contacted the county's planning office. The county believes that they never received notice of this petition. The planning office stated that in general the county is not interested in receiving additional unincorporated land; however, they have not had enough time to review this issue and take a formal stance. Without a stance from the county, staff does not believe it is appropriate to approve the disconnection.
2. **Land Use.** Staff recognizes the property owners' interest in having all of their land under the jurisdiction of one land use authority. Staff also recognizes that the West Bountiful City Land Use Code provides for significantly more development opportunity than Davis County's land use code, while at the same time West Bountiful does not limit the current agricultural use. Based on development opportunity, staff recommends that all of the Smith property be brought into West Bountiful rather than having this small portion removed.
3. **Annexation Policy.** The land to the west of the parcel in question is in the city's annexation plan. Staff believes that it would be counter to the city annexation policy and general plan to remove this parcel rather than seek a full annexation of the remaining land.
4. **Development.** While the petitioners have stated that they currently have no plans for the property. Staff believes that there has been serious discussions with Woods Cross City regarding the property owners' desire to be annexed into Woods Cross within the last year. Staff is familiar with the housing plans presented to Woods Cross, and elected officials and employees of Woods Cross have discussed with West Bountiful officials the property owners desire to be annexed. Granting this disconnection would harm West Bountiful's ability to participate in future annexations and housing developments attempted in the area by Woods Cross.

Re: Petition for Disconnection

Dear Ms. Brightwell:

Please find enclosed a fully executed original of a Petition for Disconnection. As a public hearing is required for this request under Utah Code Ann. 10-2-501, -502.5, we would like to coordinate the setting of that hearing. Once we know the hearing date, we will publish the notices required by Utah Code Ann. 10-2-501.

Should have any questions regarding this petition, please call me at the telephone number referenced above. Mark Smith is also identified in the petition as an individual authorized to act on behalf of the petitioners. Thank you in advance for your attention to this matter.

Very truly yours,

Snell & Wilmer

PETITION FOR DISCONNECTION

TO: THE CITY COUNCIL OF WEST BOUNTIFUL, UTAH:

The owners or authorized representatives of privately-owned real property consisting of 2.027 acres of unimproved land (the “**Property**”) lying in a contiguous area of land within the municipal limits of West Bountiful, Utah (the “**City**”) on the western border of the City adjacent to an unincorporated portion of Davis County (the “**County**”), Utah, hereby submit this Petition for Disconnection (“**Petition**”) and respectfully represent the following:

1. This Petition is made in accordance to the requirements of Utah Code § 10-2-501.
2. The Petitioners (as defined below) are all of the owners of the Property, namely:

Ludean A. Smith, as Trustee of The Smith Family Revocable Trust created under Trust Agreement dated March 10, 2000; Mack G. Smith and Carolyn Smith, as Trustees of The Mack G. and Carolyn Smith Revocable Trust created under Trust Agreement dated September 4, 1998; J. Lynn Smith, as Trustee of the J. Lynn Smith Living Trust, as amended and restated on November 8, 2017; and Cindy S. Hatch, an individual (collectively, the “**Petitioners**”).

The Petitioners collectively own the Property, which is identified by the Davis County Assessor as Parcel ID No. 06-030-0047 and by the street address of:

1818 West 400 South
West Bountiful, Utah 84087

3. The Petitioners hold title to the Property as tenants-in-common.
4. The signatures affixed hereto are that of the Petitioners and who, by so affixing their signature, state and confirm that this Petition is supported by the Petitioners owning all of the Property.
5. The Petitioners file this Petition, and request that it be granted, for the following pertinent reasons:
 - a. Petitioners own certain real property adjacent to the Property that is presently not within the municipal limits of the City and desire to have all of Petitioners’ owned real property, including the Property, be uniformly within the unincorporated area of the County;
 - b. The Property was mistakenly included within the municipal limits of the City by an entity without ownership of the same, *see Smith, et al v. Security Investment Ltd.* 2009 UT App 355;

- c. The City does not have any municipal services in the Property;
- d. The City does not provide any municipal services to the Property;
- e. The Property has no direct economic relationship with the City, and disconnection would only result in the loss of minimal property taxes;
- f. The proposed disconnection is viable;
- g. The proposed disconnection would not (i) leave the City an area within its boundaries which the costs, requirements or other burdens of providing municipal services would materially increase over previous years that would not otherwise have; (ii) make it economically or practically unfeasible for the City to continue to function as a municipality; or (iii) leave or create an unincorporated island or peninsula; and
- h. The Petition should be granted as, due to the foregoing reasons, justice and equity require that the Property be disconnected.

6. The Property is more particularly described on Exhibit "A" attached hereto, and is accurately depicted on the attached hereto as Exhibit "B", as the accurate plat or map prepared by a licensed surveyor as required by Utah Code, and which is made a part hereof by such reference.

7. Wade Budge and Mark Smith are hereby designated to act on the Petitioners' behalf at any and all necessary proceedings.

8. Petitioners acknowledge and will abide by the notice requirements set forth in Utah Code § 10-2-501(3) in conjunction with this Petition.

WHEREFORE, Petitioners hereby request that this Petition be considered by the City's City Council at its next regular meeting after the final requisite notice is provided, or as soon thereafter as possible. Furthermore, that the City Council grant this Petition and take such steps as required by law to complete the disconnection requested herein.

MEMORANDUM

TO: Mayor and City Council

DATE: June 12, 2020

FROM: Duane Huffman

RE: **Final FY 21 Budget Adoption**

This memo introduces Resolution #472-20, which adopts the budget and property tax rate for fiscal year 2020/2021.

The following is a list of highlights, with updates since the tentative budget underlined.

1. Certified property tax rate collection increased by \$21,700 due to new growth.
2. Revenue from various sales taxes reduced by 25%.
3. Various spending deferrals throughout city departments.
4. Payroll step increases for employees, with the recommendation to wait for full implementation.
5. \$50,000 for sidewalk repairs (Class C road funds).
6. \$50,000 for new sidewalk (gaps) (Street Impact Fees).
7. \$200,000 for potential road repairs for Porter Lane.
8. \$150,000 for pickleball and associated improvements (RAP).
9. \$31,500 for improvements at Lakeside golf course (RAP).
10. \$1,200,000 for completion of new culinary well.
11. Shift of funds from FY 20 to FY 21 for 800 W project completion.

The final FY 21 general fund balance is projected at \$1,000,600.

The requirement for final adoption has been extended to June 30th, so the council can adopt a final budget at the regular June 16th meeting, call a special meeting before June 30th, or initiate the truth-in-taxation process.

WEST BOUNTIFUL CITY

RESOLUTION #472-20

**A RESOLUTION ADOPTING THE WEST BOUNTIFUL CITY BUDGET
AND PROPERTY TAX RATE FOR THE FISCAL YEAR 2020-2021**

WHEREAS, the city is required to adopt an operating and capital budget for each fiscal year; and,

WHEREAS, the tentative budget has been available for review and comment by the public; and,

WHEREAS, a public hearing was properly noticed and held on June 2, 2020 to receive public comment on the tentative budget; and

WHEREAS, the city is required to adopt a property tax rate for each fiscal year; and,

WHEREAS, the Office the Davis County Clerk/Auditor has provided and approved an Auditor’s Certified Tax Rate of 0.001363 to West Bountiful City for FY 2020/2021:

NOW THEREFORE, BE IT RESOLVED by the city council of West Bountiful City that the fiscal year 2020-2021 Budget is hereby adopted as reflected in the attached Exhibit A, and with it certified property tax rate of 0.001363.

EFFECTIVE DATE. This resolution shall take effect immediately upon passage.

MEMORANDUM

TO: Mayor and City Council

DATE: June 12, 2020

FROM: Duane Huffman

RE: **Fraud Risk Assessment**

This memo introduces the recently required fraud risk assessment as required by Auditor Alert 2020-01.

Background

Fraud and the potential of fraud is an issue that West Bountiful City takes very seriously. City staff has worked with external auditors to review practices and procedures, ultimately taking necessary steps to limit the opportunity of fraud. Additionally, we have policies and practices that address fraud at any level. City staff supports the idea of fraud risk assessments, and is committed to continual improvement in this area.

In February of 2020, the Office of the State Auditor issued an alert that requires every local government to complete an assessment that they designed with very little input from local governments. The standards apply uniformly to every size of entity, from the largest city to the smallest special district. The designated points and the final "risk level" appear to be arbitrary.

Fraud Risk Level

Attached with this memo is the completed assessment. Over the course of the next year staff intends to focus on the following items:

- Policy on reporting fraud;
- Policy on travel;
- Policy on credit cards;
- Policy on computer security;
- Policy on cash receipting ;
- An annual written commitment for officials and employees to abide by ethical behavior;
- Council member completion of State Auditor training;
- Creating a fraud hotline;
- Creating an audit committee.

Fraud Risk Assessment

INSTRUCTIONS:

- Reference the *Fraud Risk Assessment Implementation Guide* to determine which of the following recommended measures have been implemented.
- Indicate successful implementation by marking "Yes" on each of the questions below.
- Total the points of the questions marked "Yes" and put on the "Total Points Earned" line below.
- Using the points earned, circle the risk level on the "Risk Level" line below.

6. Does someone other than the clerk review periodic reports of all general ledger accounts to identify unauthorized payments recorded in those accounts?	Y			
7. Are original credit/purchase card statements received directly from the card company by someone other than the card holder? If no credit/purchase cards, check "N/A".	Y			
8. Does someone other than the credit/purchase card holder ensure that all card purchases are supported with receipts or other supporting documentation? If no credit/purchase cards, check "N/A".	Y			
9. Does someone who is not a subordinate of the credit/purchase card holder review all card purchases for appropriateness (including the chief administrative officer and board members if they have a card)? If no credit/purchase cards, check "N/A".	Y			
10. Does the person who authorizes payment for goods or services, who is not the clerk, verify the receipt of goods or services?	Y			
11. Does someone authorize payroll payments who is separate from the person who prepares payroll payments? If no W-2 employees, check "N/A".	Y			
12. Does someone review all payroll payments who is separate from the person who prepares payroll payments? If no W-2 employees, check "N/A".	Y			

Basic Separation of Duties

Continued

Instructions: Answer questions 1-12 on the Basic Separation of Duties Questionnaire using the definitions provided below.

☺ If all of the questions were answered “Yes” or “No” with mitigating controls (“MC”) in place, or “N/A,” the entity has achieved adequate basic separation of duties.

☹ If any of the questions were answered “No,” and mitigating controls are not in place, the entity has not achieved adequate basic separation of duties.

Definitions:

Board Chair is the elected or appointed chairperson of an entity’s governing body, e.g. Mayor, Commissioner, Councilmember or Trustee. The official title will vary depending on the entity type and form of governments.

Clerk is the bookkeeper for the entity, e.g. Controller, Accountant, Auditor or Finance Director. Though the title for this position may vary, they validate payment requests, ensure compliance with policy and budgetary restrictions, prepare checks, and record all financial transactions.

Chief Administrative Officer (CAO) is the person who directs the day-to-day operations of the entity. The CAO of most cities and towns is the mayor, except where the city has a city manager. The CAO of most local and special districts is the board chair, except where the district has an appointed director. In school districts, the CAO is the superintendent. In counties, the CAO is the commission or council chair, except where there is an elected or appointed manager or executive.

General Ledger is a general term for accounting books. A general ledger contains all financial transactions of an organization and may include sub-ledgers that are more detailed. A general ledger may be electronic or paper based. Financial records such as invoices, purchase orders, or depreciation schedules are not part of the general ledger, but rather support the transaction in the general ledger.

Mitigating Controls are systems or procedures that effectively mitigate a risk in lieu of separation of duties.

Original Bank Statement means a document that has been received directly from the bank. Direct receipt of the document could mean having the statement 1) mailed to an address or PO Box separate from the entity’s place of business, 2) remain in an unopened envelope at the entity offices, or 3) electronically downloaded from the bank website by the intended recipient. The key risk is that a treasurer or clerk who is intending to conceal an unauthorized transaction may be able to physically or electronically alter the statement before the independent reviewer sees it.

Treasurer is the custodian of all cash accounts and is responsible for overseeing the receipt of all payments made to the entity. A treasurer is always an authorized signer of all entity checks and is responsible for ensuring cash balances are adequate to cover all payments issued by the entity.

OFFICE OF THE
STATE AUDITOR

Auditor Alert 2020-01

Date: February 13, 2020

Subject: Annual Fraud Risk Assessment

Background

The Office of the State Auditor (Office) has developed a [Fraud Risk Assessment](#) (Assessment) to help local government board members understand best practices in fraud detection and prevention. The Assessment assigns an overall risk level of undetected fraud based upon points earned for the implementation of the identified best practices.

We emphasize the following:

- The best practices identified in the Assessment are not required, but are highly recommended.
- All of the best practices identified in the Assessment may be implemented at a low or no cost.
 - See the [Implementation Guide](#) for resources and suggestions.
- The Assessment is not a replacement or duplication of the internal control assessment performed by an independent auditor as part of a financial statement audit. While they are both risk assessments, their methodologies and purposes are distinct.

Requirements

Beginning in 2020, all local governments will complete the Assessment internally.

- The Assessment must be completed and presented to the governing board before the end of the 2020 fiscal year.
- The Chief Administrative Officer and Chief Financial Officer must certify the results of the Assessment.
- The Assessment must be submitted to the Office within six months after the end of the fiscal year.

Fraud Risk Assessment

Background

The Office of the State Auditor (Office) regularly receives complaints of fraud or abuse by local government officials. The Office is also aware of internal investigations performed by local governments of their own officials and employees. Some of these situations receive significant media coverage, while others are resolved with less publicity. In either case, the level of concern by the public and local and state officials is significant. Many have asked the Office for more direction on how to prevent such occurrences in the future. The program outlined in this guide is designed to help measure and reduce the risk of undetected fraud, abuse, and noncompliance in local governments of all types and sizes. This assessment is a starting point, it is the hope of the Office that local governments will add to and adapt this form to improve how they manage their internal controls and the risk of fraud, waste and abuse.

Internal Controls as a Discipline

Professional literature, as well as our own experience, indicates that the solution to the reduction of fraud risk lies in effective internal controls. Internal controls are the policies, practices, and processes that ensure the operations of an organization are performed effectively and efficiently. Internal Controls are also intended to deter or prevent the misuse of public funds. Since internal controls require time and resources, entities should seek to reduce risk to an acceptable level, not eliminate risk altogether. In other words, a lock should never cost more than the item it is intended to protect.

The Committee of Sponsoring Organizations of the Treadway Commission (COSO) is a group of organizations dedicated to providing frameworks and guidance on risk management, internal control, and fraud deterrence. COSO publishes a document “Internal Control – Integrated Framework” (the COSO Framework). The COSO Framework is noted as the gold standard for designing and implementing an entity-wide internal control program for all organizations including governments. The Government Accountability Office (GAO) publishes its own guidance for proper internal controls in government entities known as the Green Book. The Green Book follows the COSO Framework, but adds some specific context that is unique to the government environment. We used both of these publications as resources for this project.

The COSO Framework includes five principles:

- Tone at the Top
- Risk Assessment
- Control Activities
- Communication

- Monitoring

Incorporating these five principles into an organization is a recommended but complex endeavor. Most accountants and auditors have been trained on these principles, but full implementation requires additional training and a commitment throughout the organization to be effective. We recommend every organization with the resources use COSO, GAO, GFOA, or any other reputable source as an aid to implementing a comprehensive internal control program.

Due to the expense, most local governments in Utah lack the resources necessary to completely implement the COSO Framework. Our goal is to take the concepts of the COSO Framework and boil them down to specific measures that every local government can incorporate at minimal cost. If properly implemented, we believe these measures will reduce the risk of undetected fraud, abuse, and noncompliance. We have also developed a risk assessment model that provides a basic evaluation of an entity's fraud risk, based upon required separation of duties and our recommended measures.

Recommended Measures

1. Separate Duties over Cash Accounts (Crucial)

Widely recognized as a crucial internal control, separation of duties includes separating the powers of the treasurer and clerk (the person who performs the accounting function, regardless of title), as required by state law. If the roles and responsibilities of treasurer and clerk are *not* 1) separate, 2) independent, and 3) monitored by the governing board, the risk of financial fraud and abuse increases.

In general, the treasurer is responsible for the collection and custody of funds while the clerk validates payment requests, ensures compliance with policy and budgetary restrictions, prepares checks, and records all financial transactions. In situations where proper separation of duties are not maintained, mitigating controls must be implemented. Because of the extreme importance of this control, we have developed a separate questionnaire (see attached) to help determine if basic separation of duties or mitigating controls are in place.

2. Require a Commitment of Ethical Behavior

Purpose

A critical, fundamental, and far-reaching problem facing government today is the lack of public trust and confidence. Government officials are expected to perform their government duties without using their position for personal benefit. A written statement on ethical behavior will provide clarity and serve as a physical reminder of the aspirations of the organization.

Overview

Maintaining an ethical environment requires setting an example and communicating proper expectations at every level of the organization. Training and re-enforcement of

ethical standards must be continuous and applicable. Expectations must point to the highest standards and not excuse bad behavior by anyone for any reason.

Implementation

We recommend the entity set clear expectations and exercise consistent enforcement. We recommend instilling a culture rewarding high ethical standards, rather than rewarding cutting corners or engaging in questionable or self-serving behavior. We recommend that every entity have a written policy and strong practices that address a standard of ethical behavior, including prohibited activities, required disclosures, and clear directions on how and to whom disclosures should be submitted and reviewed. We also recommend that the entity require elected or appointed officials and employees to annually commit in writing to abide by the entity's standards of ethical behavior. This practice will provide an opportunity to review the policy and identify any potential or actual conflicts of interest. Requiring periodic confirmation will deter individuals from acting unethically and identify issues before they become problematic.

3. Adopt and Put Into Practice Written Policies

Overview

The governing body should evaluate policies to make sure they establish proper oversight and direct the organization toward the desired outcomes. The following are key policies along with certain elements that we have identified that are either required by law or best practices to improve the internal control system. As a matter of practical implementation, template policies that contain these elements are available on the Office's website at resources.auditor.utah.gov.

a. Conflict of Interest

1. Specifies who is required to declare conflicts.
2. States that if a new conflict arises during course of business it must be reported.
3. Requires each public official/employee to complete a disclosure form on an at least an annual basis.
4. Identifies the individual/position responsible to gather disclosure forms.
5. Disclosure forms provide the user a way to disclose conflicts or indicate that they have no conflicts.
6. Disclosure forms must list the name and position of the public official/employee.
7. Disclosure forms must list the name of the business entity and ownership interest or position for a business regulated by the entity for which there is a conflict.
8. Disclosure forms must list the name of the business entity and ownership interest or position for businesses doing business with the entity.
9. Disclosure forms must list any investments that may create a conflict with the entity.
10. The disclosure shall be made in a sworn statement filed with the entity's governing body.

b. Procurement

Seek the best value for the entity and promote a competitive purchasing process.

1. Specifies a small item threshold allowing employee or department discretion.
2. Specifies documentation required for each level of purchasing (e.g. small purchases, medium purchases and purchases requiring competitive bid).
3. Specifies purchasing procedures (e.g. advertising methods and time frames, rejection of bids, appeals) for items requiring competitive bid.
4. Lists exemptions and documentation needed for not following regular bidding requirements (e.g. sole source provider, emergency purchases etc.).
5. Addresses improper or illegal conduct:
 - a) Prohibits dividing a procurement to avoid following policy (Utah Code 63G-6a-2404.3)
 - b) Prohibits kickbacks (Utah Code 63G-6a-2404)
 - c) Requires disclosure of conflicts of interest (Utah Code 63G-6a-2406)
 - d) Prohibits cost-plus-a-percentage-of-cost contracts (Utah Code 63G-6a-1205)
 - e) Lists other specific activities that are not allowed (Utah Code 67-16 applies to the state and all political subdivisions)
6. Designates a purchasing agent, specify who may sign contracts including requirement for contracts that must go before the governing body.
7. Has an ethics provision and/or reference Utah Code 67-16.
8. Documents consequences of violating the policy (e.g. formal reprimand, suspension, termination or criminal prosecution).

c. Ethical Behavior

1. Prohibits participation in decisions or actions in which the employee or official has real or reasonably perceived conflict (see conflict of interest policy).
2. Prohibits use of authority for personal gain or that of close friends, family, or business associates.
3. Prohibits receiving gifts, loans or bribes.
4. Requires confidentiality regarding any information not subject to GRAMA.
5. Prohibits violation of nepotism laws (Utah Code 52-3).
6. Prohibits misuse of public resources or property (Utah Code 76-8-4).
7. References the Utah Public Officer and Employee Ethics Act (Utah Code 67-16).
8. Establishes individual accountability, including consequences for noncompliance (e.g. suspension, termination).

d. Reporting Fraud and Abuse

1. Requires the reporting of inappropriate actions or behavior.
2. Provides reporting structure, including alternatives if the employee's normal supervisor is involved.
3. Provides guidance on the type of actions and behaviors which must be reported.
4. Provides guidance on the information to be provided (e.g. names, dates, times, descriptions, effects) when reporting fraud or abuse.
5. Provides whistleblower protection or referrers to Utah Code 67-21-3.
6. Provides for the evaluation, investigation and possible consequences of the alleged action or behavior.

7. Provides for feedback to the employee reporting the action and the governing body.
- e. Travel
1. Establishes a process to authorize travel expenditures (i.e. preauthorization).
 2. Defines what constitutes allowable and unallowable travel and clearly establishes reasonable limits.
 3. Establishes a reporting structure with senior management reporting to the governing body.
 4. Establishes individual accountability, including consequences for noncompliance (e.g. suspension, termination, recovery of funds, inability to travel).
 5. Requires adequate record keeping (documentation of time, place, business purpose, and authorization).
 6. Communicates the public nature of purchase records.
 7. Ensures enough information is gathered and communicated to maintain accountability and measure performance.
 8. Has a provision to comply with external reporting requirements (e.g. IRS, Utah Public Finance Website reporting).
- f. Credit/Purchasing Cards
1. Credit/purchase card issuance should be approved by governing body.
 2. Establishes procedures for independent review and reconciliation of each card.
 3. Establishes card holder accountability including consequences for noncompliance (e.g. suspension, termination, recovery of funds, or loss of card privileges).
 4. Establishes required practices to ensure the security of the card (e.g. signing, storing, and who can use the card).
 5. Establishes procedures for card use (e.g. documentation required, timelines, reconciliations, restrictions).
- g. Personal Use of Entity Assets
1. Establishes allowable uses, or disallows use, of entity assets and rates if applicable (e.g. making photocopies, use of heavy equipment).
 2. Establishes individual accountability, including consequences for noncompliance (e.g. suspension, termination, recovery of funds or loss of privileges).
- h. IT & Computer Security
1. Establishes allowable uses of information systems, computer equipment, and the internet.
 2. Discloses to the user that the entity has the right to monitor and limit the activities on entity IT systems.
 3. Establishes individual accountability, including consequences for noncompliance (e.g. suspension, termination, recovery of funds, or loss of privileges).
- i. Cash Receipting and Deposit
1. Establishes a timeline for entering receipts into the accounting system.
 2. Establishes a timeline for depositing funds in the bank that complies with the Utah Money Management Act (3 days).

3. Establishes security measures for holding funds before deposit (e.g. safe, vault).
4. Establishes a receipting process for giving the customer documentation of the transaction and also provide sufficient information to understand the purpose of the transaction for management review or audit.
5. Establishes a procedure for entering credit card and ACH transactions into the accounting system.
6. Establishes a separation of duties between the person receiving payments and the person making deposits (smaller entities may require dual sign-off on deposits).
7. Establishes required documentation for voiding or altering a cash receipt, including that it be reviewed by someone that didn't make the correction.
8. Requires system-generated or sequentially-numbered receipts to allow for a review of completeness.
9. Requires cash deposits and receipts to be reconciled and/or reviewed by someone not receiving cash.

4. Hire and Train Qualified Staff

Purpose

In order to ensure the effective and efficient delivery of government services, each entity should identify the knowledge, skills, and abilities (KSA) needed by its management and employees. In technical areas, KSA often align with formal credentials, such as a degree or license. Accounting is an area where degrees and professional designations usually indicate a level of proficiency.

Overview

A licensed Certified Public Accountant (CPA) is the most common designation of a person who possesses the KSA needed to oversee the day-to-day financial operations of an entity. There are several other designations that may indicate similar KSA, such as Certified Government Financial Manager (CGFM), Certified Management Accountant (CMA), Certified Internal Auditor (CIA), Certified Fraud Examiner (CFE), Certified Government Auditing Professional (CGAP), and Certified Public Finance Officer (CPFO). At a minimum, we recommend that every entity have someone with a bachelor's degree in accounting as part of its staff.

Implementation

While not every local government entity needs a full-time CPA, every entity should utilize a qualified accountant to ensure that its finances are protected and accurately reported. Most accounting firms and professional bookkeeping services provide a variety of services on an as-needed basis. We recommend every local government evaluate the level of KSA possessed by its accounting staff and consider contracting with an accounting professional. The accounting professional could perform some or all of the accounting and ensure that the entity has effectively implemented internal controls and meets reporting requirements.

To aid local government entities in identifying and procuring the services of qualified accounting professionals, the Office maintains a qualified vendor list included on the Office's website at resources.auditor.utah.gov. The firms on this list have met the requirements set forth by the Office to provide bookkeeping, compliance reporting, or financial statement preparation for local governments.

5. Provide Effective Training

Overview

Training is vital to any organization, especially governments, where services are essential to economic prosperity and basic human needs. Public officials and key employees need to possess at least a basic understanding of the legal requirements of their entity. We encourage entities to consider the KSA needed to support the services provided by their entity, then determine the appropriate level of training that is needed to maintain those KSA. The entity should provide resources to attend sufficient and appropriate training on an ongoing basis.

Implementation

The Office provides comprehensive but basic training on financial topics for local government board members and finance officers. However, this training serves only as an introduction for those who are new or previously untrained in local government financial matters. We recommend board members and finance officers identify and participate in organizations that provide more advanced training. These organizations may be specific to the government type (e.g. counties, charter schools), a specific type of operation (e.g. sewer, water), or a specific job within the organization (e.g. treasurer, finance officer).

At a minimum, board members should view our online basic but comprehensive training every four years (see training.auditor.utah.gov). Also, at least one member of the finance team, preferably the chief finance officer, should have 40 hours of financial training each year. Financial training includes: auditing, accounting, budgeting, reporting, internal controls, fraud prevention and detection, software, and any other topic that is related to the management of finances.

6. Implement a Hotline

Definition

A hotline is a means by which the public and employees can anonymously report concerns about improper behavior of an entity's officers or employees or concerning practices of the entity.

Overview

Fraud losses are 50% smaller at organizations with hotlines than those without hotlines. According to the Association of Certified Fraud Examiners, 40% of reported instances of fraud are discovered through a tip. More than half of these tips were provided by an employee of the organization and 46% of fraud cases detected by tip were reported through a hotline.

Implementation

An effective hotline can be implemented at virtually no cost and can be as simple as providing an email address or phone number. Hotline submissions should be sent directly to a person who has the resources and objectivity to evaluate the concern and investigate if warranted. All complaints and the results of investigations should be presented to the audit committee of the entity in a timely fashion.

Hotlines should be promoted and easy to access (most entities put a link to their hotline on the main page of their website). Every entity should have a written policy that includes the following:

1. Methods for receiving complaints (e.g. email, phone number).
2. A provision for anonymous complaints.
3. Sufficient direction to ensure complaints are given adequate treatment as follows:
 - a. An initial screening of complaints to be performed by an office not involved in the complaint (this could be accomplished by having it performed by more than one office if an independent internal audit function does not exist or it could be sent directly to the audit committee).
 - b. Audit committee:
 - i. Reviews available evidence.
 - ii. Determines if further investigation is merited. If so;
 - Sets the scope of audit
 - Sets a budget
 - Sets a timeline
 - Provides resources
 - c. Audit results are reported to the audit committee.
 - d. Audit committee approves findings and recommendations.
 - e. Audit committee ensures that findings and recommendations are addressed by the appropriate officers or employees.
 - f. Feedback provided to the complainant, if requested.

7. Implement an Internal Audit Function

Definition

An internal audit function is an organizational initiative to monitor and analyze the entity's own operations in order to determine how well it conforms to a set of specific criteria, such as laws, policies, or best practices. Internal auditors are independent of the work they audit, but are very familiar with it so as to allow them to determine compliance with the requirements for that work.

Overview

An internal audit may focus on financial operations, systems, processes, or compliance. As part of the internal audit plan, auditors try to find discrepancies between operational design and operational reality. Internal audits also help uncover evidence of fraud, waste, or abuse. If internal auditors find discrepancies or inappropriate activities, they document and report them to entity leadership who can prioritize and direct corrective action.

The frequency of internal audits will depend on the department or process being examined. Some types of operations may require daily audits for quality control, others may require only an annual audit of records.

Internal audit plans act as a pre-emptive step in maintaining operational efficiency and financial reliability, as well as safeguarding assets.

Implementation

An internal audit function should be formalized by the adoption of an Internal Audit Charter which identifies who is responsible to oversee the internal audit function and who will perform the internal audits.

Those responsible for internal audits should adopt an audit plan which identifies what will be audited and when it will be audited. The audit plan should be reviewed regularly, usually once per year.

Adaptation for small entities

Only the largest of our local governments can justify a full-time internal auditor. Most local governments can execute an effective internal audit program by contracting with an audit professional to work a few days a year. To eliminate added costs entirely, some entities may coordinate with peer entities and utilize each other's financial staff to act as internal auditors. Keep in mind, internal auditors need a solid understanding of audit principles and should use work programs that are designed to effectively identify violations of the laws or policies they are auditing.

8. Use an Audit Committee

Purpose

An audit committee assists the governing body in its financial oversight responsibilities.

Membership

We recommend that members of the audit committee are a subset of the governing body. An audit committee should have a financial expert who is not a member of management. This can be achieved by having a governing body member who is a financial expert, or acquiring the assistance of a volunteer or paid professional financial expert. Finance officers from other local governments should be considered when looking for a financial expert, as they are independent and have a working knowledge of government accounting issues.

Functions

An audit committee must ensure the following:

1. Management develops and enforces systems that ensure the entity accomplishes its mission effectively and efficiently while complying with laws and regulations.
2. The internal audit function objectively assesses the effectiveness of management's internal control program.
3. Financial statement audits are performed by a qualified, independent accounting firm and issues identified during those audits are reviewed and resolved as appropriate.
4. Hotline complaints are investigated and findings are addressed by the governing body.

Risk Score

We have developed a five-level assessment score that is intended to communicate the entity's risk of undetected fraud, abuse, or noncompliance. The levels are based upon points assigned to each of the recommended measures. Since some measures are more effective than others, the most effective measures are assigned the most points. As more measures are adopted the score improves. The higher the score, the lower the risk.

The scale and corresponding levels are as follows:

- Very Low
- Low
- Moderate
- High
- Very High

See the *Fraud Risk Assessment Questionnaire* (attached) for specific points assigned to each measure and how point totals correspond to the risk scale.

Fraud Risk Assessment

INSTRUCTIONS:

- Reference the *Fraud Risk Assessment Implementation Guide* to determine which of the following recommended measures have been implemented.
- Indicate successful implementation by marking “Yes” on each of the questions below.
- Total the points of the questions marked “Yes” and put on the “Total Points Earned” line below.
- Using the points earned, circle the risk level on the “Risk Level” line below.

	Yes	No	MC*	N/A
1. Does the entity have a board chair, clerk, and treasurer who are three separate people?				
2. Are all the people who are able to receive cash or check payments different from all of the people who are able to make general ledger entries?				
3. Are all the people who are able to collect cash or check payments different from all the people who are able to adjust customer accounts? If no customer accounts, check "N/A".				
4. Are all the people who have access to blank checks different from those who are authorized signers?				
5. Does someone other than the clerk and treasurer reconcile all bank accounts OR are original bank statements reviewed by a person other than the clerk to detect unauthorized disbursements?				
6. Does someone other than the clerk review periodic reports of all general ledger accounts to identify unauthorized payments recorded in those accounts?				
7. Are original credit/purchase card statements received directly from the card company by someone other than the card holder? If no credit/purchase cards, check "N/A".				
8. Does someone other than the credit/purchase card holder ensure that all card purchases are supported with receipts or other supporting documentation? If no credit/purchase cards, check "N/A".				
9. Does someone who is not a subordinate of the credit/purchase card holder review all card purchases for appropriateness (including the chief administrative officer and board members if they have a card)? If no credit/purchase cards, check "N/A".				
10. Does the person who authorizes payment for goods or services, who is not the clerk, verify the receipt of goods or services?				
11. Does someone authorize payroll payments who is separate from the person who prepares payroll payments? If no W-2 employees, check "N/A".				
12. Does someone review all payroll payments who is separate from the person who prepares payroll payments? If no W-2 employees, check "N/A".				

Basic Separation of Duties

Continued

Instructions: Answer questions 1-12 on the Basic Separation of Duties Questionnaire using the definitions provided below.

☺ If all of the questions were answered “Yes” or “No” with mitigating controls (“MC”) in place, or “N/A,” the entity has achieved adequate basic separation of duties.

☹ If any of the questions were answered “No,” and mitigating controls are not in place, the entity has not achieved adequate basic separation of duties.

Definitions:

Board Chair is the elected or appointed chairperson of an entity’s governing body, e.g. Mayor, Commissioner, Councilmember or Trustee. The official title will vary depending on the entity type and form of governments.

Clerk is the bookkeeper for the entity, e.g. Controller, Accountant, Auditor or Finance Director. Though the title for this position may vary, they validate payment requests, ensure compliance with policy and budgetary restrictions, prepare checks, and record all financial transactions.

Chief Administrative Officer (CAO) is the person who directs the day-to-day operations of the entity. The CAO of most cities and towns is the mayor, except where the city has a city manager. The CAO of most local and special districts is the board chair, except where the district has an appointed director. In school districts, the CAO is the superintendent. In counties, the CAO is the commission or council chair, except where there is an elected or appointed manager or executive.

General Ledger is a general term for accounting books. A general ledger contains all financial transactions of an organization and may include sub-ledgers that are more detailed. A general ledger may be electronic or paper based. Financial records such as invoices, purchase orders, or depreciation schedules are not part of the general ledger, but rather support the transaction in the general ledger.

Mitigating Controls are systems or procedures that effectively mitigate a risk in lieu of separation of duties.

Original Bank Statement means a document that has been received directly from the bank. Direct receipt of the document could mean having the statement 1) mailed to an address or PO Box separate from the entity’s place of business, 2) remain in an unopened envelope at the entity offices, or 3) electronically downloaded from the bank website by the intended recipient. The key risk is that a treasurer or clerk who is intending to conceal an unauthorized transaction may be able to physically or electronically alter the statement before the independent reviewer sees it.

Treasurer is the custodian of all cash accounts and is responsible for overseeing the receipt of all payments made to the entity. A treasurer is always an authorized signer of all entity checks and is responsible for ensuring cash balances are adequate to cover all payments issued by the entity.

Minutes of the West Bountiful City Council meeting held on **Tuesday, June 2, 2020** at West Bountiful City Hall, 550 N 800 West, Davis County, Utah.

Those in attendance:

MEMBERS: Mayor Kenneth Romney, Council members James Bruhn, Mark Preece, and Rod Wood in-person. Council member James Ahlstrom via Zoom.

EXCUSED: Council member Kelly Enquist

STAFF: Duane Huffman (City Administrator) and Chief Todd Hixson in-person. Steve Doxey (City Attorney), Dallas Green (Golf Director), Cathy Brightwell (City Recorder) and Terri Hensley (Secretary) via Zoom.

VISITORS: Alan Malan, Gary Jacketta, Dennis Vest, Trent Williams, Cam Preston, and Mike McCabe in-person. Becky Ginos and Bill Goldberg via Zoom.

Mayor Romney announced that Council member Kelly Enquist's wife passed away today after surgery. Prayers and thoughts are with he and his family.

Mayor Romney called the meeting to order at 7:33 pm. Mark Preece gave an Invocation and the Pledge of Allegiance was led by James Ahlstrom.

1. Approve Agenda

MOTION: *James Bruhn made a motion to approve the agenda as written. Rod Wood seconded the Motion which PASSED by unanimous vote of all members present.*

2. Public Comment

No comments.

3. Public Hearing – Fiscal Year 2020-2021 Budget.

MOTION: *Mark Preece made a motion to open the public hearing. James Bruhn seconded the Motion which PASSED by unanimous vote of all members present.*

Duane Huffman again reviewed the proposed fiscal year 2020-2021 budget and noted that it will be on the June 16 agenda for final consideration and adoption.

While the general fund had experienced years of growing stability, the economic impacts of the COVID-19 pandemic are expected to be severe as related to available revenues, especially related to sales taxes. City departments were asked to prepare budgets that deferred expenditures

48 until the full impacts can be determined. There was discussion about sales tax projections which
49 were estimated to decrease by at least 25%. He explained that the March numbers, received the end
50 of May, were up 13% which was much higher than expected. At least at the very beginning of the
51 pandemic, a few of our retailers have done very well, but we are not sure what to expect once things
52 calm down. He is not ready to recommend changing projections at this point.

53 Council member Wood asked how much had been added to the budget for sidewalk
54 replacement as discussed in previous meetings. Mr. Huffman had difficulty finding the amount and
55 responded that he will review previous meeting notes and update this budget category. There was
56 also discussion about employee compensation. Annual step increases are included in the budget but
57 are proposed to be delayed until January due to the current economic uncertainty, but Council can
58 implement them any time. Council member Wood also suggested that the council consider some
59 engineering money for the new public works west yard building.

60
61 Dennis Vest, West Bountiful resident, stated that he does not believe RAP tax funds should support
62 the golf course. The money should be used for trails and parks, including a new park on the west
63 side and trail extensions where people do not have to pay but can do things for free. Support for golf
64 expenses should come from the general fund. He said he hates to see money directed to the golf
65 course instead of necessary expenses at the park like sand replacement.

66 Mr. Huffman explained that for at least the last seven years, RAP (Recreation, Arts, and
67 Parks) tax has only been used for golf capital projects, not operating expenses. The FY 20-21 budget
68 includes \$31k for a new dumpster enclosure, range ball picker, tee renovation, and a utility
69 maintenance vehicle. This amount is similar with the current year transfer of \$34k. RAP expenses
70 are budgeted at \$207k and the fund brings in about \$220k per year.

71 Council member Ahlstrom commented that he believes a lot of people support using RAP
72 funds for the golf course. The rules allow it, and it is smart because it is a revenue generating entity.
73 He noted that the city commissioned a study several years ago that asked residents how they thought
74 the RAP tax should be used. The responses were predominately in favor of golf course support. He
75 supports the suggestions about expanding parks and trails on the west side but does not see this as an
76 either/or situation; both can be done.

77 Council member Wood noted that use of the general fund is more restricted and could impact
78 important city projects. The city has done a really good job managing the course and having it
79 provides advantages to the community.

80 Mayor Romney added that the city has tried to be judicious about its use of RAP tax.

81
82 **MOTION:** *James Bruhn made a motion to close the public hearing. Rod Wood*
83 *seconded the Motion which PASSED by unanimous vote of all members*
84 *present.*

85
86 **4. Presentation Regarding Concept Plan for Woodhaven Expansion.**

87
88 The new owners of Woodhaven trailer park contacted the city regarding their desire to
89 expand the use of the current property at 680 W 500 South. This request is complicated and has
90 challenges as the park is currently divided by two zones (C-G and L-I), is a non-conforming use in
91 both zones, it pre-dates the city's current code on mobile home parks, the current mobile home code
92 is outdated, it is close to the HollyFrontier refinery, and the property's sole access is less than
93 optimal.

94 Trent Williams and Cam Preston from Ensign Engineering, and Mike McCabe representing
95 the Desola Group, owners of the property, were present to discuss their proposals for expansion.
96 Their preferred option increases the number of lots from 44 to 52. These new lots are proposed all
97 the way to 500 South. Their back-up proposal is for 48 lots and commercial flex space on 500
98 South. Both proposals will include upgrades to the grounds, secured storage, amenities, and a
99 playground. They are interested in feedback and suggestions on how to proceed.

100 Duane Huffman explained some of the difficulty dealing with two zones and nonconforming
101 use. The city does not currently have a zone for a mobile home park and the history of this property
102 is not clear. A rezone and development agreement may be the best solution to get on a clean slate.
103 Duane also talked about the poor access in and out of the trailer park from 500 South. He noted that
104 the city's general plan suggests this area may be a good location for higher density.

105 Mr. McCabe said he has no knowledge of Holly making contact about the property. He
106 added that there are currently only two vacant slots and there is a lot of demand due to lack of
107 moderate-income housing. The manager has a waiting list to get in.

108 Council member Bruhn said he would not want to open up the entire commercial zone for
109 mobile homes but believes it is okay for this property.

110 Council member Ahlstrom said the proposals would improve the aesthetics of the property as
111 some of the buildings are not in great condition.

112 Council member Preece said he is comfortable with the preferred proposal, and council
113 member Wood suggested the council send it to the planning commission to look at it as its own zone
114 rather than trying to accommodate existing zones.

115 Mayor Romney commented that it makes sense to set it off by itself. He asked staff to get
116 with planning commission to work out regulations, clean up the multiple parcels and come up with a
117 site plan and setbacks.

118 Mr. Huffman added that public works would like to have separate meters for each unit, and it
119 will be important to be specific about landscaping and long-term funding for maintenance. He
120 suggested that in addition to a new zone, the city's mobile home park ordinance be updated.

121 Mr. Williams thanked the council for considering their proposals and providing feedback.
122 They will be happy to work with the planning commission.

123
124 **5. Request by Dennis Vest to Correct Property Lines on 1200 North.**

125
126 Mr. Vest discovered a discrepancy with the south property line of his property at 1405 W
127 1200 North and is asking the city to help resolve it. The property line and fence line are off on all the
128 properties on 1200 North west of 1100 West running on the south side of the fence all the way to and
129 including his property. He believes the difference is either a survey error or just simply because the
130 property owners wanted to access the creek because there is no Weber water thus the only year
131 around access to water was by this creek. Mr. Vest is planning to construct a fence and wants to
132 make sure it matches the correct property line.

133 He said a small parcel is owned by Davis County and calls to them have not been returned,
134 and other property owners have not been contacted.

135 Bill Goldberg, owner of property across the street from Mr. Vest, said there was an issue
136 with one of his property lines and he and his neighbor ended up signing an agreement that
137 recognized the fence line as the property line. Now he is concerned about the property line he shares
138 with the city on the west side. He suggests getting everyone together to work out these discrepancies.

139 Duane Huffman recommended that the council reserve discussion on the issues for a closed
140 session, as is normal when initially discussing the potential exchange of real property.

141 Steve Doxey will do some research and get back to the council with suggestions about how
142 best to clean it up. Research will include investigating where the natural flow of the ditch was as
143 water rights may be an issue.

144

145 **6. Ordinance 425-20, an Ordinance Amending WBMC 17.32 for Medical Cannabis**
146 **Pharmacy.**

147

148 An application to change the city's land use code text was submitted by Wholesome Therapy
149 on May 1, 2020. As part of the application, a request was made to add medical cannabis pharmacies
150 as a permitted use in the C-G zone, other portions of the request have been withdrawn for now.

151 The planning commission discussed this item at their May 12th and May 26th meetings and
152 held a public hearing at the May 26th meeting. Other than from the petitioner, no public comment
153 was received.

154 The planning commission understood that, per state code, a medical cannabis pharmacy must
155 be a permitted use in the C-G zone. They then undertook an analysis as to whether any time, place,
156 or manner requirements consistent with state code would be appropriate for this zone in light of the
157 petition filed by Wholesome Therapy. They ultimately voted 3-2 to move forward a positive
158 recommendation on the petitioner's request with one addition: that medical cannabis pharmacies be
159 limited to operating hours between 7 am and 10 pm, the minimum allowed by state law.

160 Mr. Huffman noted that staff is working on a much more comprehensive ordinance that will
161 cover all aspects of the new cannabis law and how it will be handled in the city. An additional public
162 hearing will be scheduled later in the month.

163 Council member Bruhn said he has been contacted by several residents who were not able to
164 attend the hearing and are not interested in either a cannabis pharmacy or cultivation business in the
165 city.

166 **MOTION:** *Rod Wood made a Motion to adopt Ordinance 425-20 as described above.*
167 *Mark Preece seconded the Motion which PASSED.*

168

169 The vote was recorded as follows:

170 James Ahlstrom – Aye James Bruhn – Aye

171 Kelly Enquist – Excused Mark Preece – Aye

172 Rod Wood - Aye

173

174 **7. Ordinance 426-20, an Ordinance Amending WBMC 16.04 and 16.12 Regarding**
175 **Restrictions for Flag Lots on Dead End Streets.**

176 The planning commission has been discussing existing restrictions for flag lots on dead end
177 streets for several months after a resident requested a flag lot be included as part of a subdivision he
178 is proposing at 1390 W 1200 North. After discussion and review, planning commission determined
179 that a dead-end street and cul-de-sac are similar. As the maximum length of a cul-de-sac is 400 feet,

180 the same maximum length should be recognized when determining where the staff of a flag lot can
181 begin on a dead-end street.

182 A public hearing was held on May 26; no comments were offered. The proposed changes are
183 recommended for approval and have been reviewed by Mr. Doxey.

184
185 **MOTION:** *James Ahlstrom made a motion to Adopt Ordinance 426-20 as described*
186 *above. Rod Wood seconded the Motion which PASSED.*

187
188 The vote was recorded as follows:

189 James Ahlstrom – Aye James Bruhn – Aye

191 Rod Wood - Aye

192
193 **8. Ordinance 427-20, an Ordinance Amending WBMC 17.04 and 17.16 Uses in the**
194 **Agricultural District, A-1.**

195 For several months, the planning commission has been considering changes for permitted
196 and conditional uses in the A-1 zone. The primary issue was to consider personal structures when
197 there is no home on the property. Current zoning code refers only to accessory structures, but the
198 concept of accessory structures is to be “on the same lot *with*, and of a nature customarily
199 *incidental and subordinate to, the principal use or building.*”

200 The commission concluded that the best way to handle this issue was to define and include
201 non-commercial structures as a permitted use. The definition clarifies that the structure cannot be
202 used for commercial purposes or as a dwelling and requires a recorded agreement between the city
203 and property owner that runs with the land.

204 During the review process, several other changes were determined to be appropriate in the
205 list of conditional uses. These include removing natural resource extraction, clarifying that kennels
206 are allowed only as a home occupation, and deleting a duplicate entry for Residential facilities for
207 Elderly Persons.

208 A public hearing was held on May 26, 2020; no comments were offered.

209 **MOTION:** *James Ahlstrom made a motion to Adopt Ordinance 427-20 as described*
210 *above. Rod Wood seconded the Motion which PASSED.*

211
212 The vote was recorded as follows:

213 James Ahlstrom – Aye James Bruhn – Aye
214 Kelly Enquist – Excused Mark Preece – Aye
215 Rod Wood - Aye

216
217 **9. Resolution 470-20, a Resolution Authorizing City Pick Up of Public Safety and**
218 **Firefighter Employee Retirement Contributions.**

219
220 Duane Huffman explained staff’s recommendation that the city pay the employee portion
221 (2%) of the newly enhanced Tier II retirement system for the city’s police officers. Funding for this
222 benefit pick-up was included in the tentative budget.

223 The legislature tried to improve the Tier II retirement system. He said he has talked to many
224 other entities, and most are picking up this portion although several are concerned about how this
225 might impact Tier II employees that are not in public safety.

234 **10. Resolution 469-20, A Resolution Approving the First Amended and Restated Interlocal**
235 **Agreement of the Utah Risk Management Agency.**

236
237 Duane Huffman reviewed the proposed First Amended and Restated Interlocal Agreement of
238 the Utah Risk Management Agency. It includes miscellaneous clean-up of this thirty-five-year-old
239 document, such as name, bonding requirements for board members, etc. Nothing in the agreement
240 changes our relationship. Mr. Doxey has reviewed the agreement and is fine with it.

256 **12. Engineering/Public Works Report**

257 Duane Huffman –

- 258 • 800 West construction – Met with contractor today to express frustration with final water
259 connections on the northern portion not being completed in a timely manner. A new
260 construction team is in place on the south end installing water lines which is good. Paving
261 is scheduled for June 24 on the north end. Clean-up is underway on the north portion.
- 262 • Atwater Estates is finishing up public improvements. There has been an internal struggle
263 dealing with the existing house on the property primarily regarding grading. The city is
264 trying to facilitate a solution between the property owners.

265
266 **12. Administrative/Finance Report**

267 Duane Huffman –

- 268 • We advertised for the vacant engineer position and have received 5-6 applications.

- 269 • ULCT thinks the state may begin to distribute pandemic funds as early as this week. First
270 installments will go to hard expenditures, and then will look at other qualifying expenses.
271 Some funding could eventually go to business development for those impacted. City
272 council will be very involved.
273

274 **13. Mayor/Council Reports**

275 James Ahlstrom – no report
276

277
278 Mark Preece – South Davis Sewer district is still working on food waste processing and
279 adjusting nutrient levels but lost funding when North Salt Lake issued a citation due to the
280 odors from the south plant. They have been able to obtain other funding through the state. An
281 engineering firm that specializes in odor retention was hired. They have spent about \$300k
282 on air scrubbers, etc., but still working to find a solution. Plans for upgrades to both plants
283 are still in the works but have been put on the back burner.
284

285 James Bruhn – Wasatch Integrated Waste Management’s transfer station is working well,
286 and they continue to work on building a recycling center.
287

288 Rod Wood – Asked if the city police department was involved in the recent Salt Lake City
289 protests. Chief Hixson responded that our officers were not involved. The north end SWAT
290 team was called upon along with Davis County sheriff medics, the remaining agencies were
291 on standby. He noted that we have doubled up units, having two officers in each car to deal
292 with possible safety problems. He expects the protests will continue for a while and there is a
293 good likelihood that we may have to be involved at some point. He added that Davis County
294 is looking at establishing a public order committee.

295 Chief added that agencies in Davis County have been asked to handle all security for
296 the services for the Ogden officer killed last week. It has been a lot of work filling shifts
297 during a very challenging and stressful time. On a positive note, these bad events bring out
298 good as well; our community is making an extra effort to be kind. People are making it a
299 point to say nice things to us and taking a proactive approach to support us. Always makes us
300 feel good to hear these kinds of things especially with everything on the news.
301

302 Mayor Romney – Meets regularly with health department regarding COVID. West Bountiful
303 does not have any active cases. The number of state cases are up which was expected as the
304 risk level changed. He asked the health department to consider preparing a letter to residents
305 warning that even though things are opening up we all still need to be very careful.
306 Unemployment numbers are going down. We need the economy to get going again but we
307 need to be vigilant as we interact with families and public. High risk people need to be
308 careful and stay away from people including at church and other public places especially as
309 things open back up.

310 Duane Huffman added that it is very important to encourage those with any
311 symptoms to get tested, otherwise the virus will continue to be passed around. Testing is
312 widely available now.
