

Our family moved to West Bountiful in 2002, and we love being part of this community and enjoy having an active role to help ensure we maintain the qualities of our city that make it such a wonderful place to live.

I am excited to continue to serve our citizens as a member of the City Council for a second term and believe that I have skills and qualities that uniquely qualify me to serve in this capacity

I graduated from the University of Phoenix with a degree in Business Finance, and work as a Finance Manager for the Church of Jesus Christ of Latter-day Saints.

As a finance professional, I have substantial experience with cash management and budgeting, and understand what it means to be fiscally responsible and conservative with the funds of the city, which come from its hard working residents. I am family and community oriented. My family is my life and I am dedicated to them and to building and maintaining a community that is built on traditional American family values.
