Park Additions Ready for Play

A new playground, expanded volleyball courts, a Utah Jazz basketball court, walking paths, shade trees, picnic boweries, ball fields – the West Bountiful City Park has something for everyone! These improvements were made possible by years of hard work from elected officials, volunteers, city employees, and the support of the community through the RAP tax. Even the Utah Jazz/Larry H. Miller Charities chipped in to help.

The park is more popular than ever, so grab a basketball, a picnic basket, a kite, or a good book, and come join the community at West Bountiful's beautiful city park.

West Bountiful residents and officials joined the Utah Jazz Bear, dancers, and representatives in a ribbon cutting celebration at the park on May 13.

Construction Projects

Pages Lanes

Work continues to replace water lines, storm drain pipes, and repave the road on Pages Lane from 800 West to 550 West. Curb, gutter and sidewalk will be added where it does not currently exist. This project is scheduled to be complete by the end of June.

400 North Construction

Construction is underway as UDOT re-paves 400 North from 800 West to Main Street in Bountiful. The West Bountiful portion of the project is planned for late June/early July.

Water Quality

West Bountiful is pleased to report that our drinking water is safe and meets all state and federal water regulations. For the full Water Quality Report go to our website, www.wbcity.org or pick up a copy at City Hall.

Animals on Leash

Please keep your animals on a leash any time they leave your fenced yard or home. This is especially important in areas where people gather or tend to walk. ***Dogs, on a leash, are permitted on the Prospector Rail Trail and the Onion Parkway trail, but are NOT permitted at our City Parks.*** If you encounter a problem with animals in our City, please contact the WB Police Department at 801-298-6000 and they'll determine when to call Davis County Animal Services.

Garage Sale Signs

All garage or yard sale signs must be removed immediately after the sale and must be placed only on private property. It is unlawful to attach such signs to utility poles, stop signs or any other public property. Signs placed unlawfully will be removed. Thank you for your cooperation.

Mosquito Season Protection Info

Mosquitoes are more than a nuisance; they are a major threat to public health.

Proven preventative methods effectively control mosquitoes and reduce the risk of mosquito-transmitted diseases such as West Nile virus.

Mosquitoes lay their eggs in standing or slow moving water. In residential areas, standing water can accumulate in unused tires, cans, unused pools and pool covers, and other receptacles that collect water. Eliminate any standing water that collects on your property by:

- Removing all discarded tires from your property.
- Disposing of tin cans, plastic containers, ceramic pots, or similar water-collecting containers.
- Making sure roof gutters drain properly and remember to clean clogged gutters in the spring and fall.
- Cleaning and chlorinating swimming pools, outdoor saunas and hot tubs. If not in use, keep empty and covered.

- Draining water from pool covers.

- Changing the water in bird baths at least every 3 or 4 days.

- Turning over plastic wading pools and wheelbarrows when not in use.

Use Insect Repellent Containing DEET – a chemical that discourages mosquitoes from biting. Apply repellent to:

- Outer clothing and shoes.
- Exposed skin. Do NOT apply to skin under clothing.
- Do NOT apply to cuts, rashes, sunburned skin, or skin conditions such as psoriasis.
- Do NOT apply directly to face. First put product on hand, then apply to face. Avoid contact with eyes, nose, and mouth.
- Do NOT apply repellent in rooms without ventilation.
- Wash treated skin with soap and water upon returning indoors. Wash treated clothes separately.

Weed Abatement Resident Responsibility

With warmer weather comes *WEEDS*. Section 8.12.020 of the West Bountiful Nuisance Ordinance declares the following to be nuisances:

“Noxious Weeds.” Noxious weeds located on vacant lots or other property, along public sidewalks or the outer edge of any public street, or weeds in any other location which constitute a fire hazard.

“Vegetation.” Dead, decayed, diseased, or hazardous tree, weeds, hedges, and overgrown

or uncultivated vegetation which is in a hazardous condition, is an obstruction to pedestrian or vehicular traffic, or which is likely to harbor rats, vermin or other pests.

Please keep the weeds in your yard maintained, and if you own a vacant lot please check your property often to make sure they do not become a problem.

If properties fall into violation and are not addressed after being properly noticed, fines of \$100 per day may be assessed.

SUMMER REMINDERS

- Watch for kids playing in the streets and riding bikes – drive slowly through neighborhoods.
- Remove empty garbage cans from the street as soon as possible after being emptied.
- No watering between the hours of 10 am and 6 pm.
- Please remember vegetation should be trimmed behind the curb line and 15 feet above the curb. Compliance will make streets safer for pedestrians and motorists and allow garbage trucks to move around more easily.
- Don't leave children and/or pets in unattended vehicles.

CERT Update

We would like to thank Ron Crandall for his hard work as the city Certified Emergency Response Team commander. The city has been well served.

Renate Allen will step into the role of CERT commander and work with Jason Meservy, the emergency preparedness commander, and many others who have gone through CERT training. WB CERT team will help with the Hill Air Force Base air show in June. The CERT trailer will be in the West Bountiful parade and at the park during the celebration on July 2.

West Bountiful youth ages 14-18, mark your calendars for August 12, the second Friday of the month, from 8 – 11 pm and join us for a back-to-school dance at the West Bountiful Park Bowery featuring a professional DJ to spin tunes, great food, crazy toys and just hang-out fun! Launch your school year with your BFFs at the WB bowery!

YCC Applications Available

The Youth City Council is finishing up another great year. Thank you, Mayor Ethan Till for a job well done!

If your child would like to be involved during the next school year, applications are available at city hall or on the website and can be submitted to city hall in June and July, with interviews held in August. Students must be between the ages of 13 and 18, have a GPA of 3.0, and have lived in West Bountiful for at least one year.

Their Role is "to provide such services to the community that would draw the community together serving the youth, young adult, and senior community with wholesome activities. The youth council shall provide opportunities to explore the duties and responsibilities of the city council in order to be prepared to serve in the community in the future."

New West Bountiful History Book to be Made

We need your help! Do you have pictures, stories, news articles, etc. regarding West Bountiful's history? Unbury those treasured pictures of yester year and help us update our records and add to our collection. We are in the process of compiling a new West Bountiful History Book and would like to make it as comprehensive as possible.

We need you to submit corrections that you noticed in the first edition of the West Bountiful History (blue) book and to send us items (pictures and script) of things that would be valuable for our next edition. Please take any items you may have to city hall during normal business hours and mark them to the attention of the Historic Commission.

We will create a special section for any Service Men/Women who have lived in West Bountiful and served this great country, so please contact us with this information as well.

If you have a bit of free time, we also need help compiling the book, so please contact Gary Edmonds @801-510- 3244 or Debbie McKean @ 801-231- 8320 if you can help us.
