

KENNETH L ROMNEY

I would like to thank the citizens of West Bountiful for the opportunity to serve you as Mayor for the last eight years. West Bountiful is a great place to live. Let's make sure it's a great place for us, our kids and our grandkids to live in the future. After serving on the city council for two years, I ran for Mayor eight years ago because I was concerned about the financial stability of the city and the city's aging infrastructure (water system, roads, and storm sewer system). We have made great progress in updating our roads and water systems. The city is financially stable and we are on a path of a "pay as you go" philosophy. We have a great city staff and employees that work for, and serve the citizens of West Bountiful. I would like to serve the citizens of West Bountiful as Mayor for another four years to carry out and oversee the current path that we, the city council and administration, have made to continue to improve our infrastructure and keep West Bountiful a great place to live.
