Melissa Cochran

Melissa and her husband Kurt were victims in the London terror attack on Westminster Bridge on March 22, 2017. Melissa was injured and Kurt was killed. It was their last day of a trip to visit Melissa’s parents serving as missionaries in the London LDS temple.

Melissa and Kurt were self-employed, having built a recording studio business from the ground up over the last 10 years. During that time, they helped make a lot of dreams come true for local musicians, and donated their recording and sound skills to the Summerfest celebration in Bountiful, to local school productions, and many other worthy causes.

Justin Wood

Justin Wood is an Eagle Scout and a 4.0 student at BHS. Justin has been a member of the Youth City Council for three years, most recently serving as mayor. He is the youth representative on the Steering Committee for the West Bountiful Comprehensive Recreation, Arts and Parks Master Plan.

Justin loves running, is a member of Bountiful High's Cross Country team, and completed his first marathon last month. He also plays the piano, and has been a part of several choirs. Justin works as a therapy aide for children with autism. He also works as a soccer referee. In his spare time he likes to eat, sleep and hang out with his friends. :-)

Jana Slagowski

Jana is creative and does everything at 110% and did so in coordinating West Bountiful’s 2017 parade, managing over 70 entries. She designed and built this year’s float under the theme “Free to Succeed.” She has been monumental in creating other floats in the past years for the Days of ’47 Stake entries. She enjoys time with her grandchildren and weekly camping trips to Strawberry Reservoir to catch fish.

Glen Davis

Glen V. Davis served as Sgt. Es. in the U.S. Army from 1968 to 1971 as part of the Charlie Co., 1st Battalion, 16th Infantry, 1st Infantry Div. - “The Big Red Ones” in Vietnam.

He is a recipient of the Purple Heart Medal.

Glen grew up in Nephi, Utah and moved to West Bountiful in 1993. He has five children (four boys and one daughter), 16 grandchildren, and served with the West Bountiful Police Department from 1977 to 1980.
4th of July Celebration A Success

Thank you everyone who participated in making the 2017 Independence Day Celebration one of the best we've ever had! And special thanks to Jana Slagowski-parade chair, Debbie McKean-Parks activity chair, Officer VanWagoner, Safety Fair coordinator, and the West Bountiful Arts Council! Without our wonderful volunteers, we could never have these great community events.

West Bountiful CERT Update

September is Preparedness Month. What can you do to be more prepared? There are lots of options. Classes, food storage, water, family plan. You could also practice your family plan or use some food storage in a few meals.

As a West Bountiful Community Emergency Response Team (CERT) group, we will be helping with some preparedness fairs and working on our CERT trailer #2. If you stopped by the CERT area at the West Bountiful Safety Fair on July 3, you saw the trailer. It is going to be used for CERT Spontaneous Volunteer Management (SVM). In an emergency or disaster, people will show up to help. SVM is a way to be able to find out what skills these people have, give safety training, and assign them to positions. It will have forms, canopies, tables, and chairs to help with this.

The following are CERT events coming up:

- Sept. 5 & 6 – 8-week-long CERT classes start in Bountiful at the Fire Station. Classes will be on Tuesday and/or Wednesday evenings from 6:30–9:30 pm. Call 801-677-2400 for more info.
- Sept. 8 & 9 – Utah Prepares Conference and Expo at the South Town Center. For information, visit www.utah.gov/beready/prepare-conference. Come see our CERT Command trailer on display. The price for both days is $10/person, 12 and under is free.
- Sept. 9 – Davis Hospital Get Ready Fair, from 10am to 2pm. https://www.facebook.com/events/1981631868529303/
- Oct. 7 – Davis County CERT Competition. 7 teams of CERT trained people from Davis County Cities will compete for a trophy and awards. It will be held at the Job Corps Center in Clearfield.

Winter Reminders

- Sidewalks must be cleared within 24 hours of each snowfall, and remember that all snow from your property must remain on your property and not in the street or your neighbor's property.
- Adopt a Hydrant. Remember to shovel around any fire hydrants near your property so they are easily visible and accessible in case of emergency.
- Keep your trees and shrubs trimmed so the snow plows can make their way through the city. Trees are required to be trimmed to 14 feet above the roadway.
- Overnight parking is not permitted on streets from Nov. 15 through Apr. 1. An exception will be made 2 days before and after a holiday.
- Parking on the street is not allowed at any time, regardless of day, when snow is visibly falling, or there is a visible amount of snow on the street and the street has not been plowed since the snow fell.

Irrigation Water Shut-Off

Irrigation water will be shut-off for the season on October 15. Prior to shut-off, remember that no watering is allowed between 10am & 6pm. Let's all help to conserve this precious resource. To help know how often to water, visit conservewater.utah.gov/guide.html for a weekly water guide.

West Bountiful City Elf Tree and Christmas

Watch for our annual Elf Tree at city hall the end of November that enables us to provide gifts to children who may otherwise not have a Christmas.

Christmas on Onion St. will be celebrated on Monday, Dec. 4. Santa will again make his way through the city on a fire truck and afterward, kids can talk to him at city hall and enjoy games and snacks. Santa’s route will be posted on the city website www.wbcity.org after Nov. 29.

Protect Your Pipes

Dispose of fats, oils and grease properly

Grease, fats, and oils shouldn’t go down our kitchen drains. It can harden and cause clogged sink pipes and eventually clogged sewer pipes. Fat and oil buildups cause approximately 47% of sanitary sewer overflows (SSOs) that happen each year in the U.S. It can be a super pricey plumbing problem to fix. The following are some tips to prevent grease clogs:

• Scrape greasy foods right into garbage can instead of garbage disposal.
• Let grease solidify, then throw in garbage can.

• Pour the grease into a re-purposed soup/coffee can to throw out.
• Large amounts of oil should be collected and then taken to a collection facility. A tallow company typically picks up this cooking oil and then recycles it. Visit your state’s website to find a certified collection center near you.

“All About Pianos” Benefit Concert

FRIDAY, SEPTEMBER 8, 2017 - 7 PM - CITY HALL

When the Arts Council heard about Mason Broderick’s “Piano Project” of raising money for new pianos at West Bountiful Elementary and Bountiful Jr. High for his Eagle Scout project, we knew we wanted to help. Our Friday, September 8 concert will be a Benefit Concert for that purpose. We invite the community to attend and come prepared, if you haven’t already done so, to donate a little or a lot, whatever you can to the “Mason Jars” available for your donations. Those attending will also be treated to a fun evening “All About Pianos” capped off with a special piano performance by talented pianist/instrumentalist Andy Leger. If you play the piano and want to perform, there will be an “Open Piano” segment where you just might be selected to participate. In addition some lucky attendee will receive a free introductory piano lesson as part of the evening entertainment. The concert will end with a meet and greet on the city hall lawn where attendees will be able to purchase popsicles/ice cream for themselves or family with those proceeds going towards Mason’s “Piano Project.”

If you play the piano and want to perform, there will be an ‘Open Piano’ segment where you just might be selected to participate.

<td>I would like to thank the citizens of West Bountiful for the opportunity to serve you as mayor for the last eight years. West Bountiful is a great place to live. Let’s make sure it’s a great place for us, our kids and our grandkids to live in the future. After serving on the city council for two years, I ran for mayor eight years ago because I was concerned about the financial stability of the city and the city’s aging infrastructure (water system, roads, and storm sewer system). We have made great progress in updating our roads and water systems. The city is financially stable and we are on a path of a “pay as you go” philosophy. We have a great city staff and employees that work for and serve the citizens of West Bountiful. I would like to serve the citizens of West Bountiful as mayor for another four years to carry out and oversee the current path that we, the city council and administration, have made to continue to improve our infrastructure and keep West Bountiful a great place to live.</td>

<td>I am a West Bountiful resident of 29 years. I am a very proud father of a 5-year-old little girl which I want her to have pride for a community she will be raised in. For work, I’ve been a DJ, producer, and concert/event thrower for over a decade. It’s taught me how to manage every nickel and dime. I’ve watched over the years of how this city has changed so much. In the last 10 years, we’ve had our taxes increased through water, property, RAP, and now the fire district. I believe future taxes maybe avoidable by adopting a “living within your means” philosophy at our city hall. I also believe that the city should do a major overhaul in beautification and city-wide lighting. Please feel free to contact me and share with me your point of views. The city works for you, the people.</td>

<td>In my eight years of service on the West Bountiful City Council, one of the common refrains I hear from our citizens is the desire to maintain West Bountiful’s rural feel. I couldn’t agree more. The wide streets, the lush greenery, the neighborly atmosphere, and the lack of intrusive retail centers makes West Bountiful much more than a city—it makes it a community. One that I have been proud to call home for the last 35 years. It is my belief that through careful planning and strong leadership, we as a city can sustain this small town feel as we rise to meet the challenges and changes that often accompany growth. I believe this is the greatest challenge we face and I believe we have managed it well for my two terms in office. Over the last 8 years our city has experienced many notable upgrades. From the enhancements to our city park, to the notable improvements to Lakeside Golf Course, to the addition of several walking trails, these changes have elevated our citizen’s enjoyment of this wonderful city—But our work is not done yet! We are currently midway through an aggressive (and much-needed) road maintenance plan. We are also planning significant upgrades to our water sources in an effort to meet future city needs. Please allow me the opportunity to finish what I started and continue serving you on our city council.</td>

<td>Public Works, Police, Fire and EMS services have been my top priority while serving on city council since 2014. Ensuring these essential departments to our city continue to operate efficiently, financially responsible, and providing excellent services to our residents. We have seen major improvements to our city’s infrastructure (water system, Page’s Lane), amenities at our parks and golf course. These improvements were achieved with the sound leadership and support of our city’s administration, department heads and highly skilled employees. Throughout my term, I’ve been privileged to be assigned to the Planning Commission. Our goal towards the betterment of our city couldn’t have been accomplished without the dedicated members and their experience and knowledge. Our city is honored to have volunteers who donate countless hours and personal assets to provide entertainment (Art Council’s monthly concerts, holiday celebrations) and resources (CERT/EMPAC) to our residents. As a resident for over forty years, I’ve watched our city grow prosperously and look forward to ensuring we continue to move responsibly in this direction. City Hall to Host Flu Shot Clinic

West Bountiful City will host a Flu Shot Clinic at city hall on Tuesday, September 19 from 8-10 am. The charge is $30, or they will bill your insurance. Pneumonia and Tetanus shots will also be available.
Panhandling is not an issue unique to just large cities. It is a problem in communities across the Wasatch Front. Many people want to help others and feel that giving money to panhandlers is a quick and easy way to do it. However, there is a better way to help the less fortunate in our community. By giving to an organization, you are helping people become self-sufficient; no one ever panhandled their way out of homelessness.

Contrary to common belief, panhandlers and homeless people are not necessarily one and the same. Many studies have found that only a small percentage of homeless people panhandle and only a small percentage of panhandlers are homeless. Instead of giving money to panhandlers, consider donating to a homeless service provider.

Be nice to panhandlers, but don't give them any money. When someone asks for money, the best response is no response or a simple, polite “no.” Panhandling is usually a business enterprise. As the business becomes less profitable, the number of panhandlers will also go down. Confronting panhandlers can lead to other more serious problems. Panhandlers may become aggressive if challenged and conversations can give panhandlers more opportunities to ask for money. If a panhandler follows you, touches you, makes threatening or violent gestures, blocks your path or engages in any behavior that makes you feel threatened or unsafe, call the police (911).

If you encounter a panhandler that you believe is truly in need of immediate services, contact the HOST hotline at 801-799-3035 or Volunteers of America Homeless Outreach at 801-519-9721.

Social service providers:
Catholic Community Services, Weigand Homeless Day Center, St. Vincent de Paul Dining Hall / Dinner at Vinny’s, The Rescue Mission of Salt Lake, Volunteers of America, The Road Home, and The Fourth Street Clinic. A complete list of services available statewide can be found at www.211ut.org.

Read 2017 General Session H.B 161 / Utah Code 41-6a-1009 to avoid a potential citation for giving to panhandlers from a vehicle.
