Message from West Bountiful City on COVID-19

March 13, 2020

West Bountiful City's top priority is the health and welfare of its residents, businesses, and employees. We support and are closely following recommendations and updates from state and local health officials. To proactively do our part, the city is taking the following steps:

- We ask that everyone follow the safeguards announced by Governor Herbert to limit large gatherings, including taking additional precautions for individuals over 60 and others who are immunocompromised. To follow these recommendations, West Bountiful City has canceled the Arts Council performance scheduled for March 13th, and we will take steps to limit large events at the City Park and Lakeside Golf Course.
- We ask that when possible, individuals conduct business with West Bountiful City remotely. For example, we can take payments for water bills over the phone, on the internet, or by mail. Most building and zoning questions can also be answered over the phone and by e-mail. We are following recommendations to increase telecommuting for employees, and we will ensure they are available by phone and e-mail.
- Until further notice, West Bountiful City has suspended non-essential services involving our police department. This includes services such as fingerprinting, tours, etc.
- West Bountiful City is taking additional steps to protect essential services by increasing our cleaning routines and temporarily adapting our employment policies regarding leave and trainings.

We encourage residents to do their part in countering the spread of COVID-19. This is not a time to panic, but a time to prepare and prevent. Stay up-to-date with the latest information from the CDC at coronavirus.utah.gov.
