

# Posh Bunny by Sew Kind of Wonderful

Class taught by Annette Blandin

I made my quilt using Wonder Curve Ruler by Sew Kind of Wonderful. (Please note the pattern is written for the Quick Curve Ruler mini (QCR mini), but worked well with the WCR) I prefer the curves that are created using the Wonder Curve Ruler. And it's easier to use thanks to the additional markings on the ruler

Are there ever enough fluffy bunnies in your life? Make this adorable quilt in time for Easter!

Different curves are pieced using this one clever ruler! No pins!

## **Homework for class:**

- Gather materials listed on pattern
- Complete cutting instructions on page 1 of pattern (the black-bordered instructions only, we'll learn to use the ruler in class)
