

Flying Foxtail Shawl

Pattern by Stephen West, class taught by Annette Blandin

A chance to further your Brioche knitting skills

Shawl in 2 sizes (sample is large)

Materials for shawl are listed on pattern (available through Ravelry or WestKnits)

Fingering weight yarn in 2 colors. One color dominates a side, with the other one shining through. Go bold with lots of contrast, or make it more “subtle”. Light and dark, bright? Subdued? Monochromatic? The possibilities are endless!

First class session: We will practice the techniques. Please bring 2 non-fuzzy same-weight yarns in contrasting colors with yarn-appropriate size needles. (straight or 20” circulars)
