

BLOOMING AGAVE WORKSHOP SUMMARY

With Abigail Vargas

asvargas2018@gmail.com

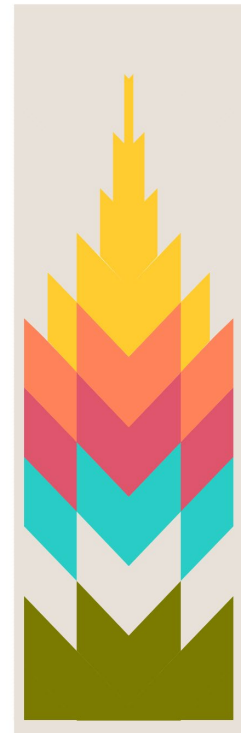

Skill Level: Advanced Beginner or higher

This quilt, designed by Abigail Vargas, is inspired by the Mexican blankets and the agave farm of her husband's heritage. The original quilt was a gift for her husband and hung at Quiltcon 2020 in Austin, TX.

In this workshop, attendees will learn to use a parallelogram block to create a modern, stylized Blooming Agave quilt. The goal is to complete one section, which can be finished as a wall hanging (26" x 72") or combined into a larger 71" x 72" quilt with three agave sections.

The session begins with a discussion on cutting parallelograms and utilizing the fabric grainline for precise piecing. Hands-on instruction will guide participants through each step of the process. Tips and tricks are presented for accurately piecing together two parallelogram shapes. Additional topics include color variations, pressing techniques, grainline usage, and optional design elements to personalize the final quilt.

At the end of the workshop, attendees will have a solid foundation in these techniques and make significant progress on their Blooming Agave quilt.
