

Sewing Lessons for Ladies

Barbara's Sewing Studio

Keeping the Art of Sewing Alive

Learn to sew or enhance your sewing skills by attending sewing lessons taught by an experienced sewing instructor at a fully equipped sewing studio.

Barbara's Sewing Studio is a place where you can relax and learn while receiving personal attention from a capable, patient and enthusiastic instructor who has a passion for the art of sewing. Barbara has over 50 years of experience with custom designing and sewing as well as instructing in the art of sewing fashions, home décor and crafts.

Hundreds of ladies have learned and enjoyed the art of sewing and serging by attending lessons with Barbara. Lessons are designed so the student learns sewing as a Life Skill which produces professional and custom projects.

Lessons for Ladies are a series of carefully designed private lessons, scheduled at the student's convenience and as the studio calendar allows. These lessons are for ladies who are at least 21 years of age. Instruction is available Tuesdays through Saturdays. No lessons on Sundays and Mondays. No evening lessons. Studio machines are used for lessons and some supplies are provided. A student may arrange to get assistance learning the basics of her personal sewing machine.

Ladies who have never sewn and those who have had some previous sewing experience have all benefited from attending lessons with Barbara. Her students receive the benefit of her many years of sewing experience and learn tips and techniques that are usable for wearables, home décor, crafts, etc. We have Fun!

More information about the studio, lessons and cost may be obtained by contacting:
