

Fruit Salad

by Corey Yoder of *Coriander Quilts*

Fruit Salad is my latest collection with Moda Fabrics, and it's my favorite collection to date! Inspired by the joy of bright, sun-ripened fruit and the carefree days of warm weather sewing, Fruit Salad is a playful mix of color, whimsy, and nostalgia.

This collection is bursting with juicy hues...think strawberry reds, lemony yellows, peachy corals, zesty oranges, and lime greens. I've added a brand new emerald green color to the mix. It's a rich, vibrant shade that adds beautiful depth to the palette and plays so nicely with all the fruity brights. There's also a splash of blueberry and raspberry to round it all out. Each color feels like a spoonful of sunshine.

The prints are just as joyful: gingham checks, pin dots, and enough fruit to fill a summer fruit stand. Of course, no collection is complete without a stripe or two (they make the best bindings, don't they?).

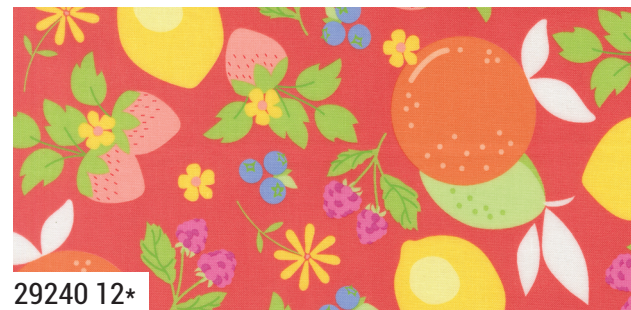

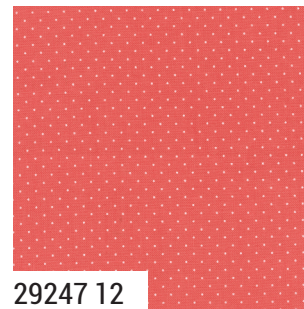

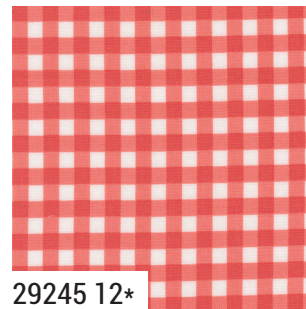

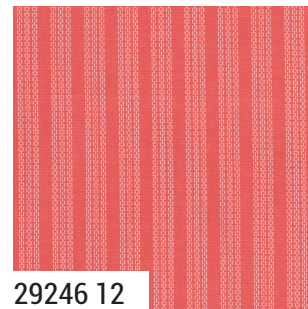

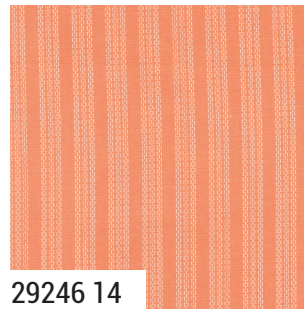

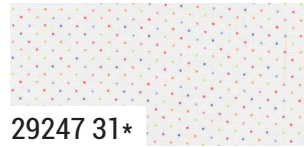

Whether you're stitching a picnic quilt, a pretty apron, or something completely unexpected, I can't wait to see the delicious projects you whip up with these sweet, summery prints. When life gives you lemons, make a fruit salad and keep everyone guessing!
