INVITE IN THE CHARM AND ELEGANCE OF YESTERYEAR with my newest Christmas collection, Old World Yuletide. This timeless group harkens back to the joy and wonder of bygone eras.

The rich color palette was inspired by classic holiday hues and old mercury glass ornaments. You'll even find small accents of gold shimmer throughout, reminding me of antique details. The panel in the group is perfect for the Pillow Bundle pattern (as well as other seasonal projects) and I'm excited to offer a tea towel and gift bag set with the group as well!
