Cover Up Sewing Machine Cover

Short Description: A cover for your sewing machine!!

Long Description: Cover Up is a sewing machine cover pattern with three different style options, so you can choose the best fit for your personality. Style One beautifully showcases a large scale print, Style Two can use up some much love scraps and Style Three adds a bit of wonky fun to your sewing space. Sewing machines come in a giant array of dimensions. The directions are written in such a way that every bit of the cutting instructions is based on the measurements of **YOUR** machine!

Date: 4/06/18

Time: 10am – 4pm

HOMEWORK....It is recommended to complete this before the day of the class to help ensure you finish the sewing machine cover the day of the class.

You will be measuring your machine, cutting the pieces, creating the pieced panel (styles 2 & 3 only) before class begins. If you are inserting piping to your pieced panel follow the directions on page 5. Complete this portion of the instructions as well in advance.

You will be learning how to measure & cut large pieces of fabric, piece fabrics together, quilt using a variety of desired techniques, and continue to develop your skills of reading patterns.

Read through the directions on the pattern to familiarize yourself with the information.

Let's Begin.....

On page 2....Measuring Instructions: Follow the directions given in the pattern. *Measure twice, cut once!!* This step is critical to the finished size of the cover. Write the measurements you are using in the spaces given.

Example: Janome 9400

Machine width = 10 in.

Machine height = 13 in.

Machine length = 21 in.

Measurement A = height + height + width – 3 → $13 + 13 + 10 - 3 = 33$ in.

Measurement A = 33 in.

Measurement B = length + width – 7 → $21 + 10 - 7 = 24$ in.

Measurement B = 24 in.

Cutting Instructions: Follow the directions as given. This step applies for all decorative panels. If you are completing style 2 or 3 you will follow the directions on page 3 for creating the pieced panel. Follow the piping instructions on page 5 if you are adding this accent to your cover.

Example: Cutting Instructions for Janome 9400

From Accent Strip fabric, cut: (2) $1\frac{1}{2}$ " x 33" (measurement A)

From Decorative panel fabric, cut: (1) $6\frac{1}{2}$ " x 33" (measurement A)

From Main Color Fabric, cut: (1) 24" (measurement B) x 33" (measurement A)

Read through the directions given about centering or offsetting the cutting of the decorative panel.

We will begin with cutting the decorative panel and creating the top of the cover on page 4.

If you have any questions about the directions in the pattern or my instructions, do not hesitate to contact me at maryquilts913@gmail.com . I will be happy to give you a call and assist you over the phone or by email.

Enjoy, Mary

- * Doors open 15 minutes prior to class
- * Do you need to rent a machine? Please call shop and let us know at least 24 hours prior.
- * All classes all supported by fabric purchases at Gigi's. A 10% discount will be provided for all class materials. Please do not bring in fabrics purchased outside of Gigi's. This is how we keep our doors open. We appreciate your support.
