#### **Cutting Instructions to be done before class**

The pattern has a great diagram for cutting instructions if you are using 10" squares or fat quarters. Follow the instructions on page 2 cutting your background fabric also. If you have questions please call me.

If using 10" squares make sure to measure the 10" squares to make sure they are truly 10". Be very careful cutting your 2 ½" squares because you need sixteen 2 ½" from each of seventeen 10" squares if you are making the throw size.
