*Offering Improved
Stability, Power,
and Feeding Ability*

EIGHT PIECE FEED DOG
FOR IMPROVED FEEDING

COLOR CODED THREAD GUIDES
AND EASY THREADING
LOWER LOOPER

HANENITE™ RUBBERFEET
REDUCE VIBRATION

Introducing the **MyLock 454D** from Janome's new SAILING LINE of sergers. This compact and user-friendly machine delivers professional-level sewing performance. Equipped with an enhanced feed system, including an 8-piece feed dog, a newly designed presser foot, unobstructed view of the cutting knife, and improved bi-level performance, it can tackle a wide range of projects and fabrics. Threading is simplified with the Easy Threading Looper and slide-in pre-tensions. The improved motor torque and specialized HANENITE™ Rubber feet, designed to reduce vibration and noise, provide a Smooth Sailing sewing experience.
