

April 2026 Solaris Club

Basket

Saturday, April 11th

10:30 pm – 12:30 pm

We have so many awesome designs built-in our machines. It's time to discover a new design and discuss possible uses for it. We will use the design and IQ Designer to create a basket. We will also discuss options for creating a larger basket.

Supply List:

- Solaris Machine in good working order with power cord, embroidery unit, embroidery foot, 10⁵/₈" x 10⁵/₈" hoop, mouse(optional), etc.
- No-show Mesh Stabilizer
- 2 - 12"x12" pieces of fabric for basket outside and lining
- 12"x12" pieces of batting
- Embroidery needle 75/11
- Embroidery threads
 - Matching for tack down
 - Color of choice for design
- Bobbin wound with Finishing Touch thread
- Thread for construction and topstitching
- "J" foot, shank adapter/ankle, and coordinating thread for construction and topstitching
- General embroidery supplies (snips, tweezers, small ruler, marking tool, rotary cutter, etc.)
