

August 2023 Solaris Club

Enhancing Built-In Designs

Saturday, August 12th

10:30 pm – 1:30 pm

This month we will use a built-in design, some organza and IQ Designer to add some color to a one-color built-in design. We will learn how to send an embroidery design outline to IQ, create placement and tackdown lines for an applique and tips for embroidery with organza. Terri will provide the yellow and green organza for the appliques.

Supply List:

- Solaris in good working order w/ cord, embroidery unit, embroidery foot, mouse/stylus, etc.
- 10⁵/₈" x 10⁵/₈" Hoop
