

September 2025 Bernina Foot Club

Circular Embroidery Attachment

Wednesday, September 10th

10:30 am – 12:30 pm

The circular embroidery attachment makes it easy to stitch perfectly round circles from 1.5" to 10" in diameter. It can be used with almost any presser foot – note: it is not necessary to have an embroidery module to use this attachment, despite its name! Any technique that can be sewn in a straight line can be transformed into a circular design, including pintucks, gathers, and quilting. Embellish garments, home décor and quilts!
