

June 2026 Solaris Club

Buzzing Bees

Saturday, July 18th

10:30 pm – 12:30 pm

This month we will be exploring some of the editing ideas from the BabyLock SewEd project “Buzzing Bench Cover”. This project uses a built-in design, editing tools, and IQ Designer to create a companion pieces for Home Décor. I chose to use the ideas from the Bonus Bee Pillow project to create a pot holder, but you could choose to create the pillow.

Supply List:

- Solaris Vision (or Solaris with Upgrade 3) Machine in good working order with power cord, embroidery unit, embroidery foot, 10 5/8” x 10 5/8” hoop, flash drive, mouse(optional), etc.
- **We will stitch if time permits. What I used for my potholder:**
 - Tear Away Stabilizer (enough for 2 hoopings)
 - 2 - 9” x 9” Fabric (I also used 40” of bias binding to finish the potholder.)
 - 9” x 9” square of batting
 - 9” x 9” square of Insul-Bright
 - Embroidery needle 75/11
 - Embroidery threads for bee design and background quilting (I used one Aurifil for the background quilting and embroidery threads for bees and flowers.)
 - Bobbin wound with Finishing Touch thread
 - Marking Tools and ruler
 - Embroidery tape
 - General embroidery supplies (snips, tweezers, small ruler, marking tool, rotary cutter, etc.)
