

# June 2026 Solaris Club

## Shell Trapunto

Saturday, June 13<sup>th</sup>

10:30 pm – 12:30 pm

This month we will be using a built-in design to create a trapunto design.

### Supply List:

- Solaris Machine in good working order with power cord, embroidery unit, embroidery foot, 10 5/8" x 10 5/8" hoop, flash drive, mouse(optional), etc.
- **We will stitch if time permits.**
  - No-show mesh Stabilizer
  - Fabric to fit hoop
  - 12" x 12" square of Polyester batting (I used 2 layers of light-loft)
  - Embroidery needle 75/11
  - Embroidery threads to coordinate with your fabric (I used one contrasting color for the shell designs and a matching color for the stippling)
  - Bobbin wound with Finishing Touch thread
  - Marking Tools and ruler
  - Embroidery tape
  - General embroidery supplies (snips, tweezers, small ruler, marking tool, rotary cutter, etc.)
