

ROTARY MAGIC

This class with Pat Brousil will teach you all the finer points of rotary cutting. You will draft and cut a variety of different shapes, including squares, rectangles, half-square triangles, quarter-square triangles, trapezoids, hexagons and more! Join Pat and learn how to rotary cut with confidence. We will also discuss the pros and cons of different brands of tools.

Materials list:

Fabric

1 ½ yds. 100% cotton medium weight fabric – In one piece

This is for practice only. Check the sale fabric area.

Rotary cutter

Ruler -- 6" x 24"

Bring all the rulers that you own. Other sizes work better for some cutting.

Rotary cutter mat – 18" x 24" or a similar size

Paper scissors

Pins

Pencil and paper to take notes
