

Free Motion Club—Saturday, September 5, 2026- Stacked Coins

Supplies:

Your sewing machine, with power cord, foot control, Free motion quilting foot, extension table (if you have one), Slider, and a fresh Quilting needle size 90/14. Good quality cotton quilting thread (Aurifil, Mettler). Wind your bobbin with the same thread you will use in the needle.

A quilt sandwich measuring 18" x 22" (2 Fat Quarters, and a layer of quilt batting). Your fabric should be fairly plain, and your thread should contrast with the fabric, so you can see your quilting. Stacked coins is a background filler that can be used to fill areas or as an edge to edge type design.
