

PRODUCT INFORMATION SHEET HORIZONTAL FILLING STATION SERIES TOP OF THE LINE TEAM HYDRATION SYSTEMS

- **Now you can fill up to 4 water bottles simultaneously and STILL have the ability to hydrate your athletes directly from the tank.**
- The patented Filling Station is available in both Pumper and Chiller configuration and allows your water crew to re-fill up to 4 water bottles simultaneously, using our patented Quick-fill Valves.
- The Horizontal Power Filling Station Hydration System now includes the Heavy Duty Tow Arm (HDTA), 24 modified 32oz water bottles w/ 4, 6-place, collapsible bottle carriers and our Ice Chute (IC-10).
- Waterboy Sports' patented Safety Spouts prevent the nozzle from coming into contact with the drinker's mouth, reducing contamination possibilities. ALL Safety Spouts are treated with an anti-microbial for additional protection.
- The Gen2 wagon is designed to fit through standard doorways and the flat-free caster wheels allow for easier movement, even when full.
